INTERNATIONAL WORKSHOP REPORT

2018-2019 – Even Semester

The Department of Mathematics, Computer Science & Application (Shift I & II) together in collaboration with Computational Intelligence Research Foundation (CIRF) organized a two days International workshop on “**Image Processing Using MATLAB**” on **29th and 30th Jan 2019.**

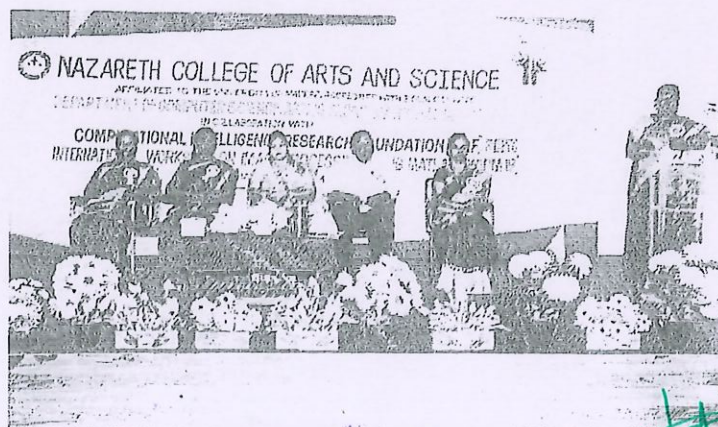

Day 1:

The registration for the Workshop began at 8.30 am. Around **54 participants** from 12 colleges and universities had participated in the workshop. The inauguration began at 10 a.m with the prayer song followed by Welcome Address which was delivered by Mrs. Alamelu, (Head, Dept. of Mathematics). As a tradition, we had lighting the lamp by the dignitaries, Dr. Munusamy (UGC, BSR faculty), Dr. Doreen Robin (Director, CIRF), Mrs. Mano Ranjithm (Vice Principal and Head, Dept of Computer Science), Mrs. Girja Ruby (Dean of Extension Activities) and Dr. Smilee Bose (Dean of Research and IQAC Co-ordinator).

The **resource persons** of the day, **Dr. Munusamy** (UGC, BSR faculty) was honoured by Mrs. Girija Ruby (Dean of Extension) and **Dr. Doreen Robin** (Director, CIRF) was honoured by Mrs. Mano Ranjitham (Vice Principal and HOD, Department of Computer Science).

Session I: (10:20 a.m- 11.10 a.m)

Dr.Kavitha, Assistant professor Dept. of Computer Science introduced the resource person Dr.Munusamy.

DEPARTMENT OF BUSINESS ADMINISTRATION

ONE DAY SEMINAR ON BRANDING

2018-2019

A one day seminar titled 'Branding' was organized by Department of Business Administration on 6th Feb. 2019. The seminar commenced at 10.30 Am. Miss. Keranoph Roja from III BBA welcomed the gathering. Chief guest Mr. Arun v. Mathew CEO of Gyalizo ke, Mr. Henry Marris, Secretary of Nazareth Group of Institutions, and also Dr. Mary Angeline, The Principal of the college inaugurated the seminar.

Major objectives of the program were

- Brand awareness accomplishes several objectives for companies seeking to increase sales in the marketplace.
- A brand awareness campaign needs to be flexible enough to grow with the company and adjust if needed.
- The company should seek to build customer awareness, promote its website and add value.

Topics covered:

✓ why a strong brand is important for small business

A brand represents the sum of people's perception of a company's customer service, reputation, advertising and logo. And when all of these parts of the business are working well together, the overall brand tends to be healthy.

- Branding improves recognition
- Branding creates trust
- Branding supports advertising
- Branding builds financial value
- Branding inspires employees
- Branding generates new customers

✓ How a brand can add value

Experience shows that customers expect to pay more for a branded product than for unbranded products.

Principal

Vellanoor Post, Avadi, Chennai-600062.

You can apply your brand to your whole range of products or services. This will allow consumers to associate each product in your range with a consistent set of values.

A strong brand can also add value to your core business. A company that offers equity shares needs to have a **strong reputation**. A recognizable brand communicates what your business stands for as well as what it offers.

The session was useful for the students who want to establish their own business as entrepreneurs. Branding is important because not only is it what makes a memorable impression on consumers but it allows your customers and clients to know what to expect from your company. There are many areas that are used to develop a brand including advertising, customer service, promotional merchandise, reputation and logo.

Conclusion:

In conclusion, branding is about building consumer trust in an organization's products. Globalization and communication mediums are making a wider target audience possible. As a result, companies are investing heavily into marketing campaigns that can boost the value of their brand. Companies like Nike, Inc. understand the impact the brand value has on their sales and profits. They also understand the need for stakeholders to believe in a brand. Hence, they spare no expense when recruiting the athletes that will help project the desired image.

NAZARETH COLLEGE OF ARTS AND SCIENCE

DEPARTMENT OF COMPUTER APPLICATIONS

ONE DAY WORKSHOP

"RESEARCH IN THE FIELD OF COMPUTER SCIENCE"

Report

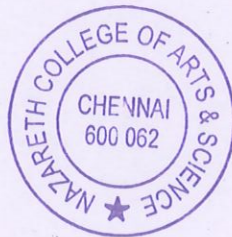

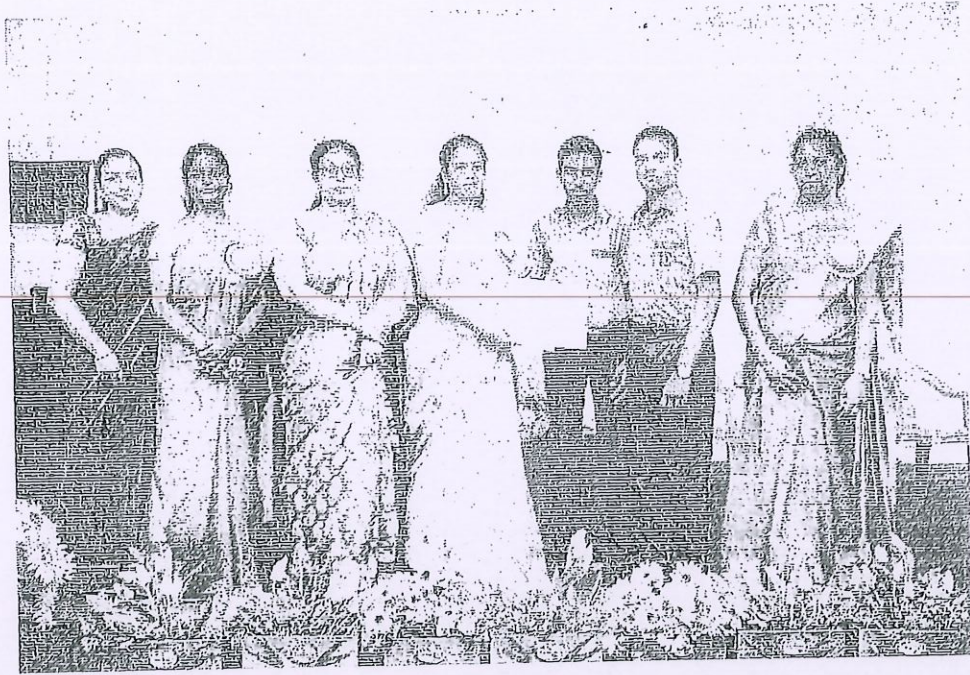

Nazareth College of Arts and Science, Department of Computer Science and Applications (Shift I & Shift II) jointly organized and conducted a one day workshop in "Research in the field of Computer Science" on 6th September 2018 @ Lab 3. The welcome address was given by Mrs. R. Angelin Monica. Honoring the Chief Guest was done by our Principal, Dr. E. Mary Angeline. Introducing the Chief Guest was done by Vice Principal, Ms. E. Manoranjitham.

The Workshop Session was handled by the Resource Person, Dr. J. G. R. Sathiaselvan. He motivated the staff members on how to do research paper and how to do research publications in the various streams of Computer Science. He shared many things about the problems he faced with his research scholars, how he approached his guide for his doctorate and how he moulded himself positively during his research period. The certificates were distributed on the same day. Finally Vote of thanks was done by Mr. M. Thyagaraj.

COMPUTER DEPARTMENT OF COMPUTER SCIENCE & APPLICATIONS

The department was established in the year 2000 by Nazareth Educational Trust, initiated B.Sc (CS) and B.C. with an initial strength of 24 students. Further expanded to include B.A and M.Sc (CS) in shift II during the academic year 2015. At present the strength of the department is 100 students (shift I & shift II). The Department provides the students for independent growth and progressive careers in their profession. And also to explore the recent research areas in technology and enhance the knowledge of the student.

WORKSHOP THEME

Data Science with Python is to learn on statistical, machine learning, information visualization, social network analysis, and text analysis techniques to gain new insight into data.

Python is a general - purpose programming language that is becoming more and more popular for doing Data Science. Companies worldwide are using python to harvest insights from their data and get a competitive edge.

WHO CAN ATTEND?

The workshop is aimed at students, Research scholars and Faculties from Computer Science and various departments.

TOPICS COVERED

- Introduction to Python
- Applications of Python Programming
- Installation of Anaconda packages
- Data Types & Operators
- Decision Statement
- Conditional Statement
- Working with Strings
- List
- Tuple
- Set
- Dictionary
- Demo of Advanced Packages
 - ♦ Pandas
 - ♦ Seaborn
 - ♦ Analytics

ACADEMIC YEAR 2018-2019

WORKSHOP REPORT ON E-RESOURCES

1. Introduction

On the 28th of July 2018, a workshop on E-Resources was held at the Nazareth college Library. The event was organized for the benefit of both students and faculty members, aiming to enhance their understanding and usage of electronic resources available through the library. The workshop was well-attended, reflecting the growing interest in digital learning tools and resources.

2. Objectives

The primary objectives of the workshop were:

- To familiarize attendees with the range of e-resources available through the Nazareth college Library.
- To demonstrate effective search techniques and strategies for maximizing the use of these resources.
- To discuss the benefits and challenges associated with using e-resources in academic research and teaching.

3. Workshop Agenda

The workshop was structured into several key sessions, each designed to address different aspects of e-resources:

1. Welcome and Introduction

- Brief overview of the workshop's goals and schedule.
- Introduction to the library's digital resource offerings.

2. Session 1: Overview of E-Resources

- Presentation on various types of e-resources: e-books, e-journals, databases, and multimedia.
- Explanation of access protocols and user rights.

3. Session 2: Navigating Digital Databases

- Demonstration of how to use major databases like INFLIBNET, PubMed, IEEE Xplore, and others.
- Tips on advanced search techniques and effective keyword use.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

4. Session 3: Utilizing E-Books and E-Journals

- Hands-on training on accessing and downloading e-books and e-journals.
- Discussion on the integration of e-books into academic syllabi.

5. Session 4: Q&A and Interactive Session

- Open floor for questions from participants.
- Individual assistance and troubleshooting.

6. Closing Remarks and Feedback Collection

- Summary of key points covered.
- Collection of feedback from participants for future improvements.

4. Key Highlights

- **Interactive Demonstrations:** Participants appreciated the live demonstrations which provided practical insights into using the library's e-resources.
- **Comprehensive Coverage:** The sessions covered a wide range of topics from basic navigation to advanced search strategies, ensuring that both beginners and advanced users found value.
- **Resource Materials:** Handouts and guides were distributed, offering step-by-step instructions on accessing and using various e-resources.
- **Participant Engagement:** The interactive Q&A session allowed participants to address specific concerns and receive personalized assistance.

5. Feedback

Feedback from participants was overwhelmingly positive. Attendees highlighted the clarity of the presentations, the usefulness of the hands-on sessions, and the relevance of the topics covered.

6. Conclusion

The workshop on E-Resources held on 28th July 2018 was a resounding success. It significantly contributed to the participants' ability to efficiently utilize digital resources for their academic work.
