OUTREACH July 23 – 27, 2022 Report

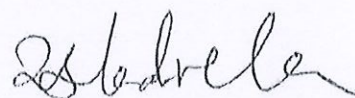

The Outreach is a social responsibility program aimed at creating awareness about the need for proper disposal of waste. Our students actively participated in the program. The students interacted with the villagers in Vellacheri to make them aware of the environmental impact of improper disposal of plastic waste, while also sharing alternatives to plastic and safe disposal methods to reduce environmental degradation. The students visited different parts of the village and diligently shared ways to properly dispose of various kinds of waste.

SUSTAINABLE COMMUNITIES DISASTER RISK REDUCTION

Objectives:

1. Disaster risk reduction is aimed at preventing new and existing disaster risk and how to manage and reduce the risk.
2. To make our civil society to understand about natural disasters and how to prepare for after effects.

Outcome:

1. Students and the community learnt about the individual roles and responsibility to manage and reduce the disaster situation.
 2. Community know how to mitigate the disaster risks.
- The Nazareth College of Arts and Science with the NSS volunteers organized "Disaster risk reduction" under sustainable communities of the SDG goal on October 11, 2022 in the communities around the kovilpathagai villages. During the program the students went to each and every home and explained about the possible risks during the winter season and how to make precautionary methods to mitigate the risk. Students also stressed the need for updated information about the flooding and sharing flood risk information among public and local communities, forming a proactive plan for crisis management in such areas as evacuation or flood fighting, sharing the risk information throughout the whole society using hazard maps and other means.
