

ACTION TAKEN REPORT

STAKEHOLDER : STUDENT

Internal Quality Assurance Cell conducts the feedback mechanism. Student feedback analysis is collected to enhance teaching quality, refine curriculum design and address areas needing improvement. It helps in increasing student satisfaction, supporting faculty development and improving academic support services, all while providing valuable data to inform institutional decision-making and foster continuous improvement. The feedback was collected from the stakeholders. Following the analysis of online student feedback, several key actions have been undertaken to address the issues identified and enhance the overall educational experience:

- 1. Enhanced Teaching Methods:** Based on feedback regarding instructional quality, faculty members have been encouraged to integrate more interactive teaching techniques and utilize diverse teaching aids to improve student engagement and understanding.
- 2. Improved Communication:** Efforts have been made to strengthen communication channels between students and faculty, ensuring that students have more opportunities to seek clarification and support.
- 3. Curriculum Adjustments:** The feedback indicated areas where the curriculum could be improved. Consequently, adjustments have been made to the course content and structure to better align with student needs and expectations.
- 4. Support Services:** Increased focus has been placed on enhancing student support services, including academic advising and counseling, to better assist students in their educational journey.
- 5. Technology Integration:** In response to feedback about online learning experiences, additional resources and training have been provided to ensure effective use of digital tools and platforms.
- 6. Continuous Monitoring:** A system for ongoing feedback collection and analysis has been established to monitor the effectiveness of implemented changes and identify areas for further improvement.

These actions are aimed at improving the quality of education and ensuring a more satisfactory learning experience for students.

ACTION TAKEN REPORT

STAKEHOLDER : STAFF

The action taken report on staff feedback analysis outlines several key measures implemented to address identified concerns. Following the analysis, improvements were made in communication channels between staff and administration, enhancing clarity and responsiveness. Professional development opportunities were expanded based on feedback about training needs. Adjustments were also made to workload distribution to better align with staff expectations.
