IT Career Development program.

Mr. Shakthi, working as senior architect at tech mahindra, living in Canada has taken "Full stack web dev" classes for us, Teaching us the basics of Front end designing, back end programming, and prepared us to tackle technical interview questions. His experience in the field and ~~his~~ deep understanding of the subject has helped us greatly. I'm confident in my ability to land a high paying job because of the depth of knowledge he has transferred onto us.
