

Grievance Redressal Cell

The Grievance redressal cell attempts to address genuine problems and complaints of students. The students are encouraged to use the suggestion box placed in the campus. Grievances pertaining to students are gathered according to their respective departments. The responsibility of presenting these grievances from their class students lies with the class incharges, who then document them in the form of letters. These original letters are stored in the Grievance file within each department. The grievances are addressed within a timeframe ranging from a minimum of 7 days to a maximum of 1 month, depending on the nature of the grievances that have arisen. A total of 15 complaints have been gathered for the year.
