**e-Sharing: PROJECT MANAGEMENT
REPORT**

Date : 30/01/2023

Time : 11.00 am to 12.00 noon

Mode : Online

Resource Person : Mrs. Sreedevi Arava, Project Manager, UST-Global, Chennai.

The Department of Computer Science conducted an e-Sharing programme on Project Management on 30.01.2023. Mrs. S. Abirami, Asst. Professor, Department of Computer Science and Coordinator made an introduction speech about the programme and introduced the Resource Person Mrs. Sreedevi Arava, Project Manager, UST-Global, Chennai to the final year students and briefly explained her roles in her 17 years of IT industry career. Around 60 students participated in the event.

During the learning session the Resource person explained the phases of Project Development. She briefly explained the steps to be followed during each phase. The significant processes during the development phases were explained. The crucial step of identifying the hidden aspects of the problem was discussed with examples. She elaborated on Scheduling, Documenting the activities of the project, Project execution, Quality deliverable, Continuous improvement, Monitoring the process, Project closure, Trouble shooting, Customer satisfaction and documenting the Best Practices followed during the course of the process.

All the phases were explained clearly quoting anecdotes from IT industry. She introduced key terms like Kickoff meeting, Minutes of meeting and blue print of the project. The roles of a project manager throughout the development were discussed. The students got a clear idea about the project development. The resource person answered the questions dispelled the doubts at the end of the session. Mrs. S. Abirami, Asst. Professor, Department of Computer Science proposed a Vote of thanks.

E-WASTE MANAGEMENT AWARENESS PROGRAM

Report

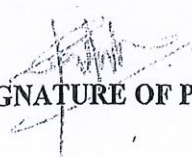

The Department of Computer Science organized a “Session on E-Waste Management (EWM) Awareness program” in association with IQAC for first year students on 15th October, 2022 .

Ms.S.V.Rajiga, Assistant Professor, Department of Computer Science, Nazareth College of Arts and Science delivered the key note address. She spoken on the values of E-Waste Management . She explained the fundamentals of E-Waste Management. She also motivated the students by explaining the importance of E-Waste Management .

Mr. Parveen of II B. Sc (CS) gave awareness on E-Waste Management. He explained about E-Waste and its impacts on the society. He clearly explained how the E-Waste is accumulated and classified. He listed E-Waste items into the categories such as home appliances, communication and information technology devices, home entertainment devices and other electronics utilities. He also listed out the toxic material that affects the human health. He suggested various effective ways to dispose of E-Waste. He clearly explained how to recycle and reuse E-Waste items. He displayed the percentage of E-Waste produced by various countries in the world with the help of the bar chart and he also presented the percentage of E-Waste produced by various states in the Tamil Nādu with the help of Pie Chart.

Ms.V. Nandhini of II B. Sc (CS) explained the various pollutions created by E-Waste items. She clearly explained how the water, air and soil are polluted by E-waste items and it affects the environment. They created the awareness of E-Waste among first year students. They clarified all the doubts of students in query session.

Students gained an awareness and knowledge about E-Waste Management. They interestingly learned about the E-Waste Management. Feed Back Forms were circulated among the participants. A total of 136 students from first Year attended this session. Finally, Ms.Meenakshi, Assistant Professor , Department of Computer Science proposed a vote of thanks.

TECH WEEK II - REPORT

The Department of Computer Science organized an Intra Department Program "Tech Week II" in association with Internal Quality Assurance Cell from 29.09.2022 to 30.09.2022. A total of seven events were conducted in various names. Poster making event was conducted on Monday in the name of Marvelous Monday. Debugging event was conducted on Tuesday in the name of Techy Tuesday. Web Site Development event was conducted on Wednesday in the name of Wiki Wednesday. Debate and Tech News events was conducted on Thursday in the name of Tele Thursday. Technical Poetry and Tech Walk events were conducted on Friday in the name of Fantastic Friday. New ideas were presented in these topics. Rules for all the program was framed separately and circulated among the students for their preparation. The basic criteria was set for all the events to select the team in a better way. A total of 65 students participated in all the events. The valediction was conducted for prize distribution on fantastic friday. Dr.E.Mary Angeline, Principal, NCAS was the guest of the day. Program started with prayer. Ms.Keerthana of II B.Sc CS welcomed the gathering. Principal and Vice Principal felicitated the gathering. Vice Principal and Head Department of Computer Science honored the Principal. Ms.Rajiga, Assistant Professor, Department of Computer Science, announced the prize winners of all the events. Principal and Vice Principal distributed prizes to the winners. Students got benefitted and exposed their talents in various events. Finally Ms.Hinduja of III B.Sc CS proposed a vote of thanks.

In association with IQAC

**e-Sharing: SDLC in Industry
REPORT**

Date : 23/09/2022

Time : 11.00 am to 12.30pm

Mode : Online

Resource Person : Mr. Vijay Dinakaran, Technical Project Manager, DCKAP

Mrs. E. Mano Ranjithm, Vice Principal, Asst. Professor, Head-in-charge, Department of Computer Science gave an introduction speech about the programme the students.

Mrs. S. Abirami, Asst. Professor, Department of Computer Science and Coordinator introduced the Resource Person Mr. **Vijay Dinakaran** to the final year students and briefly explained his roles in his 11 years of IT industry. Around 53 students participated in the event.

During the lecture session the Resource person explained the phases of SDLC. He briefly explained the different roles of a software developer during each phase. The nature of job the software developer does, the tools used in the process and what a student should prepare himself for the role was explained with simple examples by the Resource person. He introduced more than 30 different roles in detail. The students had a clear idea about the software and tools used for their training beginning with the analysis stage to the deployment stage. Apart from the life cycle, the roles like maintenance engineer, support engineer etc. after the deployment of the project were discussed with Nazareth College Website as an example. The students gained a clear knowledge on what roles exist and how they should prepare themselves to be qualified for the same. The Resource Person accepted the department's request for another offline session exploring the SDLC live process in an industry. The session ended with Vote of thanks proposed by Mrs. S. Abirami, Asst. Professor, Department of Computer Science.

The future of web technologies UI/UX ,Friday, 13th October 2023

REPORT

The Objective of the program is to encourage a The future of web technologies in UI/UX designing. The Program is organized on 13th October 2023. The Chief Guest of the program Wereas follow. It is to cultivate entrepreneurship activities among the college students and to showcase their innovative ideas Mr. J. James Nickson (Manager UI/UX at Scientific Games (LnW)). One Hundred students from B.Sc. Computer Science and BCA departments were participated in the demo session and showcased their UI/UX development in following topic as listed below

1. The future of web technologies.
2. About Web Technologies.
3. Front-end Technologies.

There was a questions and answer session at the end of the programme. Finally the coordinator proposed a vote of thanks.

Essay Writing on "Technology Day"

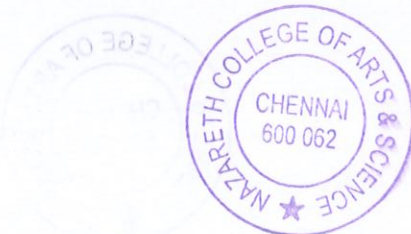

The Institution Innovation Council and Entrepreneurship and Development in collaboration with Department of Computer Science organized an Essay Writing Competition on "National Technology Day" on May 11, 2023. It was an IQAC initiative. This competition is conducted for students of Computer Science Department as it was based on Technology.

The day is celebrated to commemorate the anniversary of the first five nuclear tests of Operation Shakti. National Technology Day is one of the important technology festivals in India which is celebrated by the students by demonstrating various technology projects in the state as well as national level exhibitions. The National Technology Day aims to remind people of the country's scientific achievements. This day is to celebrate all those who have contributed to the advancement of science.

The main aim of this program is also to promote the advancement of science and technology. A simple theme is being followed throughout the nation, to unite, and to attract youth. Students were informed the rules of the competition. More than 25 students participated in the competition. The best three were selected and awarded. It was enlightening beneficial to the students. The participants gained knowledge in knowing about the culture and how it is mingled with technology. A total of 28 students and 5 faculty members were involved in the competition. The final outcome of the program indicates that the technology is the application of scientific knowledge for practical purposes, especially in industry. Technology is a tool that can be used to solve real-world problems.

Report on Bridge Course for I Year Students

Bridge Course was conducted jointly by the Department of Mathematics and Department of English for all I Year students, on 17.06.2019. The aim of the bridge course was to provide foundational support and preparatory assistance to incoming students transitioning into their academic journey.

The Bridge Course spanned a single day, 17.06.2019, and was designed to cater to the specific needs of first-year students in both Mathematics and English. A total for 480 students attended the session. The course included targeted sessions to bolster fundamental skills and ensure a smooth academic transition.

1. **Mathematics Sessions:** Led by faculty members from the Department of Mathematics, these sessions focused on revisiting essential mathematical concepts from high school and introducing key topics relevant to the first-year curriculum.
2. **English Sessions:** Conducted by faculty members from the Department of English, these sessions emphasized language proficiency, reading comprehension, and effective communication skills necessary for academic success.
3. **Interactive Learning:** The course incorporated interactive learning methods such as group discussions, problem-solving exercises, and practical applications to engage students actively and reinforce learning outcomes.
4. **Assessment and Feedback:** Continuous assessment and feedback mechanisms were employed to gauge student understanding and tailor instructional approaches accordingly.

The Bridge Course received positive feedback and demonstrated several notable outcomes:

- Increased student confidence and readiness for the academic challenges ahead.
- Enhanced foundational understanding in Mathematics and improved language skills in English.
- Students expressed appreciation for the supportive learning environment and the practical relevance of the course content.

The collaborative effort and dedication of faculty members contributed significantly to fostering a supportive learning environment conducive to student growth and development.

Academic Year 2019-2020

PERSONAL COUNSELLING REPORT

This report highlights the impact and outcomes of the counselling services provided to our students during this period. The Personal Counselling Session was conducted on 09-06-2019. A total of 125 students benefited from personal counselling services. These sessions were crucial in addressing a variety of personal, academic, and emotional challenges faced by our students.

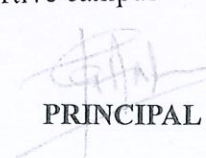

Summary of Activities: The counselling sessions conducted throughout the year focused on several key areas to support our students:

1. **Academic Support:** Assisting students in managing academic stress, enhancing study skills, and setting achievable academic goals.
2. **Personal Development:** Addressing personal issues such as anxiety, depression, relationship concerns, and self-esteem challenges.
3. **Career Guidance:** Providing guidance on career planning, job search strategies, and professional development opportunities.
4. **Crisis Intervention:** Offering immediate support and interventions for students facing urgent or distressing situations.

The counselling sessions were conducted in a confidential and supportive environment, ensuring the privacy and dignity of each student. Our approach emphasized active listening, empathy, and evidence-based techniques to help students explore their concerns and develop effective coping strategies. The outcomes of the counselling sessions were promising:

- Many students reported improved academic performance and increased confidence in managing personal challenges.
- Students expressed satisfaction with the support received and the positive impact on their overall well-being.

In conclusion, the personal counselling services offered during the academic year 2019-2020 at Nazareth College of Arts and Science have positively impacted the lives of our students. The dedicated efforts of our counselling team have contributed to fostering a supportive campus environment conducive to academic success and personal growth.

Report - Bridge Course for I Year Students

The Department of English conducted Bridge Course for all department students on 26/07/2018 at 10 a.m. The Bridge Course was organized with the primary aim of strengthening foundational skills in English language and literature among students across all departments. The course encompassed various modules designed to enhance reading comprehension, writing proficiency, critical analysis, and communication skills. The course focused on,

1. **Module Topics:** The course covered essential topics such as academic writing techniques, literary analysis, effective communication strategies, and language proficiency enhancement.
2. **Interactive Workshops:** Engaging workshops and activities were conducted to encourage active participation and practical application of learning concepts.
3. **Faculty Expertise:** Sessions were led by experienced faculty members specializing in English language and literature, ensuring high-quality instruction and personalized feedback for students.
4. **Assessment and Feedback:** Continuous assessment methods and feedback mechanisms were employed to monitor student progress and adjust teaching strategies accordingly.

The Bridge Course yielded several positive outcomes:

- Enhanced proficiency in English language skills, including writing, reading, and oral communication.
- Improved critical thinking abilities and analytical skills among students.
- Increased confidence in expressing ideas and participating in academic discussions.

MENTORING CELL

ANNUAL REPORT 2018-2019

During the academic year 2018-2019, the mentoring cell functioned effectively. The cell conducted mentoring session programme in the college premises in four to five sessions from month of June to November . A general orientation was given to the first year students about mentoring process. The first years had self-introduction session. The SWOC analysis was collected from the second year students. The students gave information regarding their Strength, Weakness, Opportunities and Challenges. For the third year students, Career Guidelines was given. The students shared their problems with the mentors so that they were able to guide them in right way.

The mentoring session was conducted by each department separately. A staff had around twenty five students each and they collected required details from the Mentees. The mentoring cell co-ordinator Ms.Blessing Shebina collected all details from each department. On the whole the session was done well.

Total Strength of the Students –1316

Personal Counselling Report for Academic Year 2018-2019

The personal counselling sessions were conducted by respective departments during the academic year 2018-2019. This report outlines the details and outcomes of the counselling sessions provided to our students. On 18/07/24, a total of 26 students received personal counseling. These sessions were aimed at addressing various personal, academic, and emotional challenges faced by our students.

The counselling sessions conducted throughout the academic year focused on the following key areas:

1. **Academic Support:** Assisting students in managing academic stress, improving study habits, and setting realistic academic goals.
2. **Personal Development:** Addressing personal issues such as anxiety, depression, relationship difficulties, and self-esteem concerns.
3. **Career Guidance:** Providing advice and resources related to career planning, job search strategies, and professional development.
4. **Crisis Intervention:** Offering immediate support and interventions for students facing urgent or distressing situations.

The counselling sessions were conducted in a confidential and supportive environment, respecting the privacy and confidentiality of each student. Our approach emphasized active listening, empathy, and evidence-based techniques to help students explore their concerns and develop effective coping strategies.

ed on our experiences during the academic year 2018-2019, I recommend the following:

- Increase awareness of counselling services and promote their accessibility to all students.
- Allocate additional resources to enhance the capacity and availability of counselling sessions.
- Provide ongoing training and professional development opportunities for counsellors to effectively address diverse student needs.

. The dedication and efforts of our counselling team have contributed significantly to creating a supportive and nurturing environment.
