INDUSTRIAL VISIT REPORT

On 27th April 2018

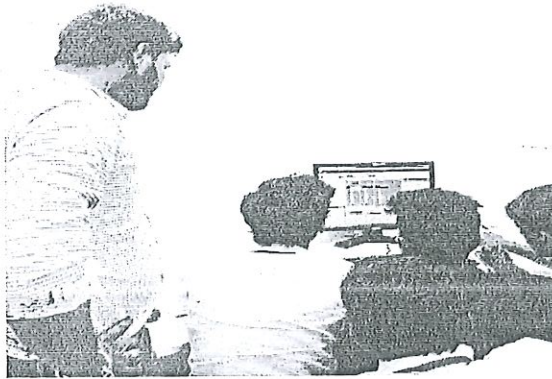

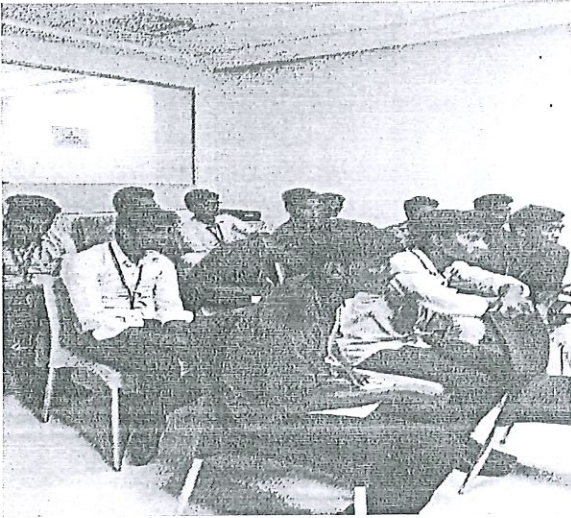

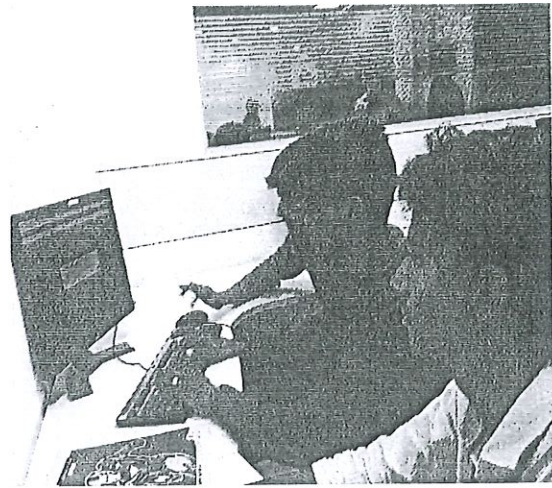

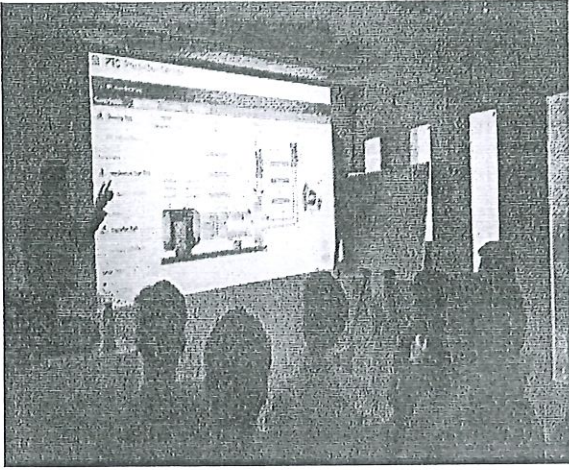

VENUE: KKM SOFT, No.21, 5TH Street,
Thiru.Vi.Ka Industrial Estate,
Guindy, Chennai-32

An Industrial Visit to KKMSOFT was organized on 27th April 2018 for II BCA students (Shift I & Shift II) and B.Sc (CS) to familiarize them with various technologies and emerging trends in IT field. KKMSOFT (P) LTD., headquartered in Chennai, India, was established in 1995. KKMSOFT is a business process automation company that provides software based solutions, products and training to the manufacturing, engineering, construction, infrastructure, EPC, automotive and aerospace industry. The session started with an interaction about current applications. The topic was "Internet of Things USING PTC", Mr. Uma Shankar started with a presentation about their company and continued with "IOT" concepts, which was explained through real time examples. They introduced about the new application called "THINGWORX" used in IOT. There was a demo about how to use THINGWORX application. The second session was lab practical, where the students were provided with systems and executed how to communicate with vehicles using IOT. Finally, a lot of questions were answered by professionals from KKMSOFT and students were well satisfied with the answers.

INDUSTRIAL VISIT- INTERNAL COACH FACORY

We the Department of Business Administration organised the Industrial visit for the Final year shift I and Shift II students, on 31.8.2018. The company gave permission for 41 students with 2 staff members to visit the Factory from 10.30pm to 2.00 pm.

ABOUT INDUSTRIAL VISIT

Industrial visit was arranged at ICF in Chennai on 31.8.2018. The main objective of the visit is to make the students aware of various activities related to furnishing works for manufacturing rail coaches .As soon as we reached the company we were guided by Chennai rail museum co-coordinator

ABOUT THE COMPANY

The Integral Coach Factory is one of the earliest production units of independent India. It was inaugurated by the first Prime Minister of India Pt. Jawaharlal Nehru on 2nd October, 1955. Later the Furnishing Division was inaugurated on 2nd October, 1962 and the production of fully furnished coaches steadily increased over the years. Spread over nearly 473 acres, it has about 11,095 workers toiling in harsh conditions to make more than 2,000 coaches every year which includes conventional and self propelled coaches

Integral coach factory, Chennai is a premier production unit of Indian railways manufacturing passenger coaches. ICF is the first of its kind to be established after independence for the manufacture of light weight , all steel and all welded integral railway passenger coaches . The factory was set up in 1955 with swiss collaboration.

DESIGNS FEATURES

- The design concept of the coach stipulates that the roof, side wall, end wall and the underframe are joined together by welding to form a fully integral coach shell.
- The end-wall construction has been made especially strong to make it anti-telescope to ensure maximum safety to passengers.
- Further, crashworthy features are provided with CBC design to minimum impact on passengers during accidents / derailments
- From the basic design handed down by the collaborators, ICF has diversified having established its expertise and experience and skill in this field, to design and manufacture more than 350 different types of coaches for Indian Railways and export market.

ICF has endeavoured to meet passengers expectations through innovation like

- Anti-injury features in the passenger areas of A/C 2-Tire and sleeper coaches.
- Enhanced carrying capacity in A/C 2-tire, First A/C and Garibrath chair car.
- Provision of forced ventilation, PIS/PAS in AC/DC EMU for WR and CR.
- UIC vestibules in mainline coaches.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

- Cushioned seats in general second class and SLR coaches.
- Stainless steel paneling ,handling in EMU .
- Provision of laptop and cell phone charging points in passengers coaches.
- Use of stainless steel in pantry cars including interiors and the equipment

Conclusion:

Industrial visit is a part of the Education, during which students visit companies and get insight of on the internal working environment of the company. The industrial visit also provides an insight on how companies work and also useful information related to the practical aspects of the course which cannot be visualized in lectures. Industrial visit is considered as one of the most tactical methods of teaching. The main reason behind this – it lets students to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view and provides exposure to practical working environment, increases practical awareness of various Industrial sectors; acquaint students with Interesting facts and breath-taking technologies. In addition to industrial exposure and knowledge, this will increase the internship and placement opportunities.
