Addon Course Report

Course Name: AWS

Duration: 30 hours

Company Name: Hackers Infotech

Dates: 26.02.24, 27.02.24, 28.02.24

Attendees: B.Sc Computer Science students

The AWS course conducted by Hackers Infotech at Nazareth College of Arts and Science's Department of Computer Science during the academic year 2023-2024 received positive feedback and achieved high attendance. Out of 50 students, 47 attended, resulting in a 94% attendance rate. The course spanned 30 hours over three days and covered essential topics such as cloud computing services, network security, storage solutions, and database management within the AWS ecosystem.

The primary goal of the course was to deepen students' understanding of AWS principles and their practical application in cloud environments, preparing them for contemporary challenges in IT infrastructure.

Participants provided positive feedback, emphasizing the course's relevance to current industry trends and its practical approach to AWS challenges in cloud computing. The hands-on sessions were particularly appreciated, as well as the comprehensive coverage of AWS services.

Overall, the Addon course in AWS at Nazareth College of Arts and Science was successfully executed, contributing significantly to enhancing students' knowledge and skills in AWS and cloud computing. This report highlights the course's effectiveness in meeting its educational objectives and preparing students for the complexities of modern IT environments.
