Mini Project -Report

Project Overview:

The mini project involved 16 teams, each comprising a team leader and two members, undertaking various projects aimed at addressing different needs and challenges. The projects ranged from developing software solutions to creating databases and managing information efficiently. Here's a detailed overview of each team's project:

Team 1: Note Share System

Key Features:

Easy Access to Academic Notes: Designed to facilitate convenient access to students' academic notes.

User-Friendly Interface: Ensured a simple and intuitive interface for ease of use.

Secure Storage: Implemented secure storage mechanisms to protect sensitive academic information.

Team 2: Weaving Web for Textile Excellence

Key Features:

Import-Export Details: Provided comprehensive details on garment sales import and export transactions.

User Interface Design: Developed an appealing and functional website interface for users.

Transaction Tracking: Enabled users to track their import and export activities effectively.

Team 3: Zusa Brand Fashion

Key Features:

Product Sales Platform: Created a platform for selling various products online.

Secure Payment Integration: Implemented secure payment gateways for safe transactions.

Inventory Management: Included features for efficient inventory management.

Team 4: Face Emotions

Key Features:

Biometric Authentication: Integrated face recognition technology for secure access.

User Verification: Enabled users to authenticate themselves using facial recognition.

Security Enhancement: Strengthened system security through biometric authentication.

Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Team 5: IN plant Management System

Key Features:

Database Management: Developed a database to manage personal data of trainees.

Efficient Tracking: Enabled tracking of in-plant training activities and progress.

Data Security: Ensured the security and confidentiality of trainees' personal information.

Team 6: LED Screen Booking Website

Key Features:

Order Management: Developed a module for efficient order taking through LED displays.

Real-Time Updates: Provided real-time updates on orders to both customers and staff.

Enhanced Communication: Improved communication between customers and order processing staff.

Team 7: Online Plant Disease Prediction

Key Features:

Disease Detection: Developed algorithms to predict plant diseases based on symptoms.

Early Warning System: Provided early warnings to farmers about potential plant diseases.

Crop Management Support: Assisted farmers in managing crop health effectively.

Team 8: Streamlining Payroll Processing Management System

Key Features:

Automated Payroll Processing: Developed a system for automated payroll processing.

Employee Management: Managed employee information and salary details efficiently.

Compliance Management: Ensured compliance with payroll regulations and standards.

Team 9: NEWZ101

Key Features:

Content Management: Created a platform for managing and distributing newsletters.

Subscriber Management: Managed subscriber lists and preferences effectively.

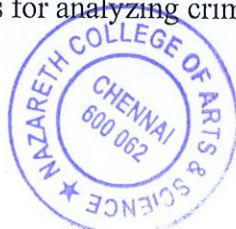

Engagement Tracking: Tracked engagement metrics to optimize newsletter content.

Team 10: Crime Reporting System

Key Features:

Crime Database Management: Developed a system for maintaining crime records.

Data Analysis Tools: Included tools for analyzing crime trends and patterns.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Law Enforcement Support: Assisted law enforcement agencies in crime prevention and investigation.

Team 11: Doctor Appointment Website

Key Features:

Appointment Scheduling: Enabled patients to schedule appointments with doctors online.

Doctor Profile Management: Managed detailed profiles of doctors including specialties and availability.

Reminder Notifications: Automated reminders for upcoming appointments to reduce no-shows.

Team 12: Colorectal Cancer Detection Based On Ranking Algorithm

Key Features:

Scan Report Interpretation: Developed algorithms to interpret and analyze scan reports.

Diagnostic Assistance: Assisted healthcare professionals in diagnosing medical conditions accurately.

Efficient Healthcare Delivery: Improved efficiency in healthcare delivery through automated report analysis.

Team 13: Employee Management System

Key Features:

Employee Profiles: A centralized database containing comprehensive information about each employee, including personal details, contact information, job title, department, etc.

Attendance Tracking: Tools for monitoring employee attendance, including clock-in/clock-out mechanisms, timesheets, and leave management.

Payroll Management: Modules for processing payroll, calculating salaries, managing deductions, and generating pay stubs. Integration with accounting systems may also be included.

Team 14: Inter College Event Management System

Key Features:

Event Registration: A platform for colleges to register their participation in events, including details such as the number of participants, teams, and event preferences.

Event Creation and Management: Tools for event organizers to create new events, specify event details (date, time, location, format, rules, etc.), and manage event logistics.

Participant Management: Functionality for managing participants from different colleges, including registration, tracking participant information, and communicating important updates or requirements.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Team 15: Vigilance Complaint Monitoring System

Complaint Registration: Capability for employees or external stakeholders to register complaints anonymously or with identification. This includes providing details such as nature of complaint, description, date, time, location, and individuals involved.

Case Management: Comprehensive case management functionality to organize and document all information related to a complaint, including evidence, witness statements, investigation reports, and actions taken.

Document Management: Secure storage and retrieval of documents and evidence related to complaints, ensuring integrity and confidentiality.

Team 16: Bus Ticket Booking System

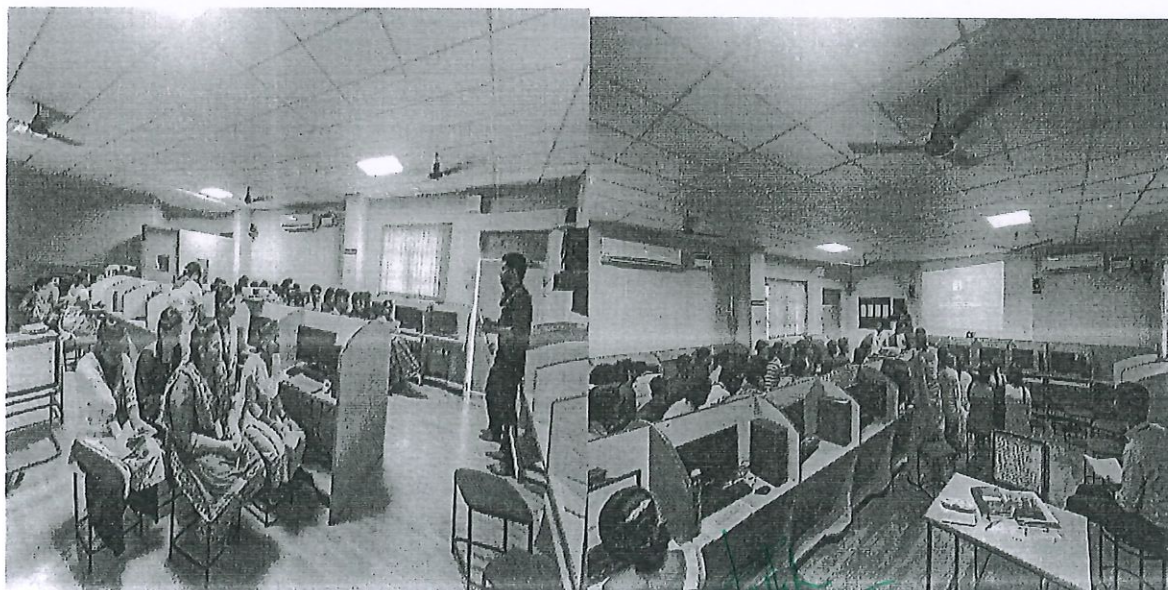

User Registration and Login: Capability for users to create accounts and log in to the system to access booking functionalities.

Route and Schedule Management: Tools for managing bus routes, schedules, and availability, allowing users to search for buses based on their origin, destination, date, and time preferences.

Seat Selection: Interactive seat maps that enable users to select their preferred seats on the bus, considering factors such as seat type, position (window or aisle), and availability.

Overall Assessment:

Each team demonstrated commendable effort and skill in developing their respective projects. These mini projects showcase the diverse talents and innovative ideas of the teams, addressing various real-world challenges effectively. Moving forward, further refinement and optimization of these solutions will be crucial to ensuring their effectiveness and usability in practical scenarios.

Internship Completion Certificate

To Whom It May Concern:

This is to certify that **Sakthi I** (Registration No: 222103464), **Sanjay Kumar H** (Registration No: 222103465), and **King Clinton L** (Registration No: 222103453), who are currently pursuing their final year; final semester of B.Sc. Computer Science at Nazareth College of Arts and Science, have successfully completed a 3-month internship at Krazy Buddy Technologies. The internship period spanned from **January 1st, 2024, to March 29th, 2024**.

During their tenure, they collaboratively worked on the mini project titled "**Students Notes Sharing Platform**", a student-focused web platform designed to facilitate collaboration and knowledge exchange among learners. This platform was built entirely with open-source software and aimed to provide a user-friendly interface for students to share and access class notes, thereby enhancing their understanding of coursework.

The project incorporated the following software frameworks:

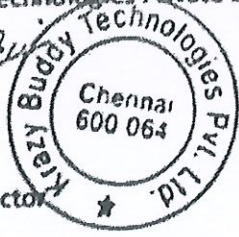

- **Frontend:**
VueJS & Quasar framework
- **Backend & Database**
ExpressJS, FeathersJS & MongoDB Community Edition

This certificate is issued to acknowledge their effort, dedication, and the technical skills they demonstrated during the project execution under the guidance of our technical team at Krazy Buddy Technologies.

We wish them all the best in their future endeavors.

COLLEGE INDUSTRY INTERACTION CELL

&
DEPARTMENT OF BUSINESS ADMINISTRATION

Jointly organises
(An IQAC Initiative)

INDUSTRIAL VISIT- PARLE G FACTORY (2023-24)

The Department of Business Administration organized the Industrial visit for the Final year students, on 17.10.2023. Parle-G Company, Madhavaram gave permission for 52 students and 2 staff members to visit the Factory from 11.00 am to 2.00 pm.

ABOUT INDUSTRIAL VISIT

The industrial visit was a different experience for the BBA final year students of Business Administration. The purpose of the visit was to gain a practical understanding of the business operations within the food industry and to appreciate the significance of Parle-G in the market.

ABOUT THE COMPANY

Parle-G is one of the most iconic and popular biscuit brands in India, and known for its quality. The Parle Products company was established in 1929 and has since grown to become one of the largest and most recognized names in the Indian food industry. The company's product range extends beyond biscuits to include confectionery and snacks. Parle-G biscuits, with their distinctive yellow and white packaging, have become a staple in many Indian households. Parle-G has multiple manufacturing facilities across India to meet the high demand for its products.

Parle-G, with a rich history and a prominent position in the market, showcased its prowess during our visit to the Madhavaram facility. The sprawling plant, equipped with state-of-the-art technology, stands as a testament to the company's commitment to excellence and innovation.

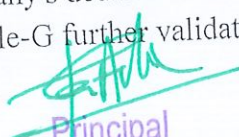

PRODUCTION PROCESS:

The intricate production process of Parle-G biscuits, from the careful selection of raw materials to the precision of the manufacturing machinery, was thoroughly explained. Witnessing the step-by-step journey of a biscuit from inception to packaging provided invaluable insights into the meticulous craftsmanship behind each product.

QUALITY CONTROL:

Parle-G's emphasis on quality control was evident throughout the tour. Rigorous measures and adherence to industry standards were highlighted, underscoring the company's dedication to deliver high-quality products consistently. Certifications obtained by Parle-G further validated their commitment to excellence further

SUPPLY CHAIN MANAGEMENT:

The visit shed light on the intricacies of Parle-G's supply chain management and sourcing raw materials to the efficient distribution of finished products. The company's supply chain practices were notable. Innovative strategies employed in this domain showcased Parle-G's commitment to operational efficiency.

ENVIRONMENTAL SUSTAINABILITY:

A noteworthy aspect of the visit was Parle-G's commitment to environmental sustainability. The company's initiatives toward eco-friendly practices and responsible waste management demonstrated a conscientious approach to reducing their ecological footprint.

INTERACTION WITH COMPANY REPRESENTATIVES:

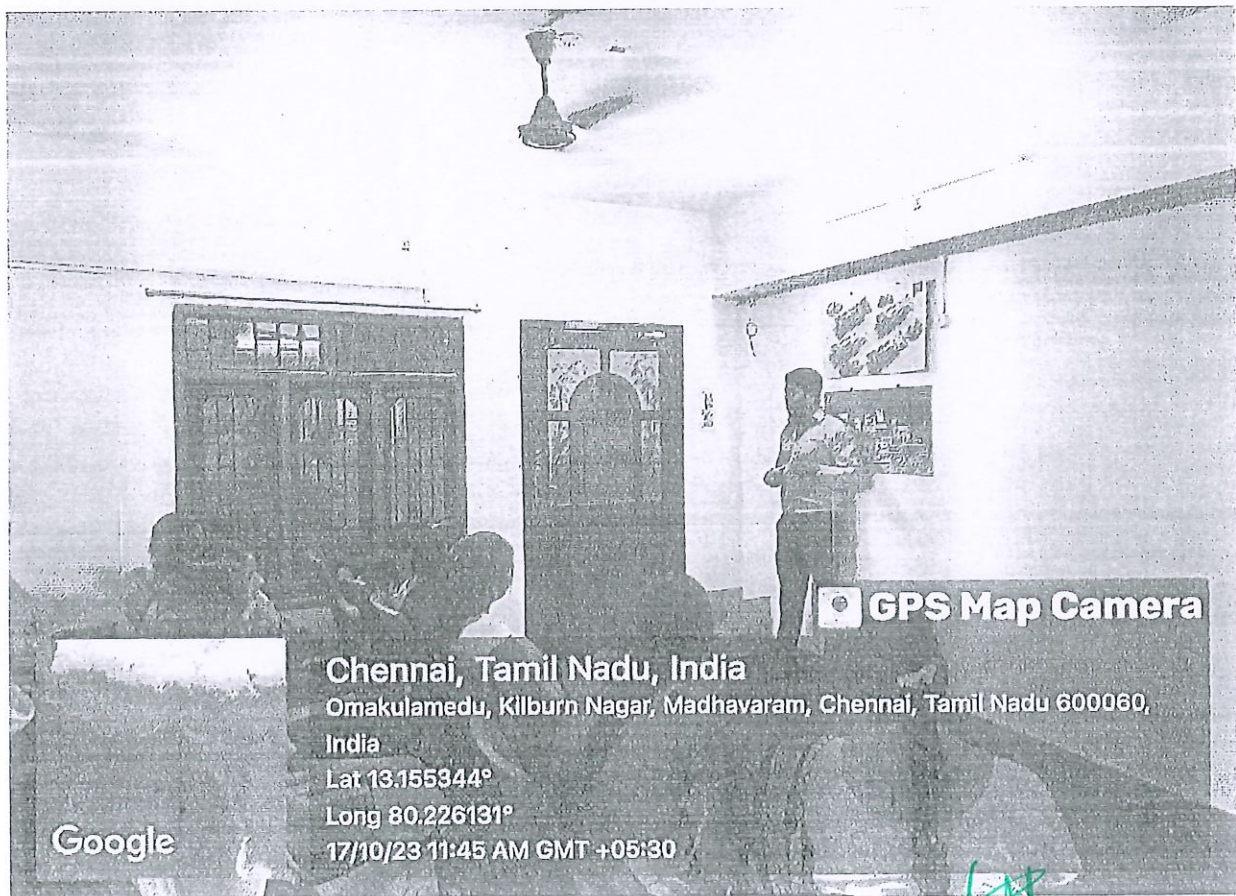

Engaging in discussions with Parle-G representatives provided valuable insights into the industry's dynamics. Employees, managers, and executives graciously shared their experiences, offering us a glimpse into the challenges and triumphs of working in the competitive food sector.

OBSERVATIONS AND LEARNINGS:

The visit left a lasting impression, and deepened students' understanding of business operations in the food industry. Observing the seamless integration of technology, quality control, and sustainability measures underscored the multifaceted nature of running a successful enterprise.

CONCLUSION:

The Industrial visit to Parle-G Madhavaram was a highly educational and enriching experience for BBA final year students. The firsthand exposure to the intricacies of production, quality control, and sustainable practices broadened our perspective on the business landscape. This visit not only complemented our academic knowledge but also instilled a deeper appreciation for the complexities and innovations within the food industry.

Chennai.

Dear Sir,

Sub: Requisition for Industrial Visit at your esteemed concern-reg.

We would like to state that our Nazareth College of Arts and Science is affiliated to the University of Madras and as per the norms, it is required to ensure that the students are exposed to Industrial Visit to enrich their knowledge regarding industries.

Kindly permit the students of III B.B.A (Shift-I) to visit your well esteemed concern on 17th October 2023, Tuesday.

The total number of students visiting the organization would be 52 accompanied by two staff members. Hope you would do the needful.

Thanking you,

Principal

REPORT ON BRAINSTORMING SESSION

ODD SEMESTER (2023-2024)

Staff Name : Yuvarani B
Class : II B.Sc CS B
Topic : Things to do to excel as Software Professional
Date /Day/Hr : 20/7/2023/Thursday/III HR

INTRODUCTION

Excelling as a software professional requires a strong foundation in education, technology, and personal growth. This session focuses on generating ideas and strategies to succeed in the digital age.

Session Highlights

Session 1: Building Strong Technical Skills

- Discussed the importance of mastering programming languages, algorithms, and problem-solving skills.
- Brainstormed strategies to stay updated with emerging technologies and tools relevant to the software industry.

Session 2: Developing Soft Skills

- Highlighted the significance of communication, teamwork, and leadership in a professional setting.
- Explored ways to build a growth mindset and adapt to the rapidly changing demands of the software field.

Session 3: Networking and Continuous Learning

- Emphasized the value of networking with peers, mentors, and industry professionals to stay informed and gain opportunities.
- Discussed the importance of lifelong learning through certifications, online courses, and attending seminars to remain competitive.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Outcome of the Discussion

Students learned the key aspects required to excel as software professionals, including technical expertise, soft skills development, and the importance of continuous learning and networking.

REPORT ON BRAINSTORMING SESSION
ODD SEMESTER (2023-2024)

Staff Name : SUBHASHINI.P
Class : I B.Sc CS
Topic : Python
Date /Day/Hr : 6/3/2024/Monday/II Year

INTRODUCTION

Brainstorming effectively generates numerous ideas for a given problem, enabling the selection of the most suitable solution through filtering and review.

SESSION 1: Initial Assessment:

The student faced initial difficulties in grasping Python concepts, culminating in a failed first exam. A comprehensive assessment of their performance highlighted deficiencies in:

- Fundamental Python syntax and core concepts
- The practical application and understanding of relevant Python libraries

SESSION 2: Motivational Support and Guidance

- I engaged with the student to understand their concerns, emphasizing that failure is often a stepping stone to success.
- Reinforced the importance of persistence, practice, and learning from mistakes. The student was encouraged to view challenges as opportunities to grow.

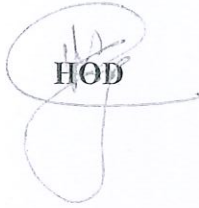

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

SESSION 3: Focused Study Plan:

1. Ensured the student understood fundamental Python syntax (variables, loops, conditionals, functions).
2. Basic Python syntax questions, involving data types and control structures.
3. Problems related to implementing basic algorithms (e.g., sorting, searching).

OUTCOME OF THE DISCUSSION:

The student successfully cleared the Python exam in their second attempt.

ODD SEMESTER (2023-2024)

Staff Name : Abirami S
Class : II B.Sc CS A
Topic : Leadership and Guideship
Date /Day/Hr : After 1.00pm on Tuesday

INTRODUCTION

Brainstorming is an effective way of effective way to generate ideas, solve problems, and plan projects or assignments.

Objective 1: Learning Methodology

- Organise events in the department
- Brainstorm strategies to ensure that education is accessible and equitable for all, regardless of socioeconomic background, gender, or location.

Objective 2: Colloboration

- In Teams they guided Naan Mudalvan levels for slow learners
- In Teams they guided Virtual learning courses like NPTEL, IBM SkillsBuild

Objective 3: Face real problems in college

- Organised effectively in Debugging event in La Corsa
- Students created Softwares for La Corsa Event

OUTCOME OF THE DISCUSSION:

The students with less help from staff managed College events.

TUTORIAL – REPORT

EVEN SEMESTER 2023-2024

The tutorial class has been taken for few students of III B.Sc CS for the subject, Software Engineering logy during the last 10 minutes. Mrs. Kaviyarasi R was handling the class and the topic taught was about Software Engineering “What is the role of SRS in software Development “, was the question raised by few students (Preethika A, Keerthana K,,Sakthi I and Praveen D). Mrs. Kaviyarasi R gave the explanation as follows:

Importance of SRS

Clear Communication: SRS acts as a communication medium between stakeholders, developers, and testers, ensuring everyone is on the same page regarding project requirements.

Basis for Validation: It serves as a basis for validating the final product against the initial requirements, ensuring that the developed software meets the client's expectations.

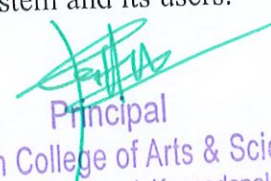

Cost Estimation: SRS helps in estimating the cost and time required for the development process by providing a detailed outline of functionalities and constraints.

Reference for Future Enhancements: It acts as a reference document for future enhancements and maintenance tasks, enabling the development team to understand the system's architecture and functionalities.

Components of SRS

Functional Requirements: Functional requirements describe what the software should do. It includes use cases, scenarios, and interactions between the system and its users.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Non-functional Requirements: Non-functional requirements specify the quality attributes of the software, such as performance, reliability, security, and usability.

External Interfaces: This section describes the external interfaces of the software, including user interfaces, hardware interfaces, and software interfaces.

System Features: System features outline the high-level functionalities of the software, often organized into modules or subsystems.

Data Requirements: Data requirements specify the data inputs, outputs, storage, and manipulation required by the software.

Constraints: Constraints include any limitations or restrictions imposed on the software, such as technical constraints, budget constraints, or regulatory requirements.

Assumptions and Dependencies: Assumptions and dependencies clarify any assumptions made during the requirement gathering process and dependencies on external systems or components.

Best Practices for SRS

Collaborative Approach: Involve stakeholders, including clients, end-users, and developers, in the requirement gathering process to ensure all perspectives are considered.

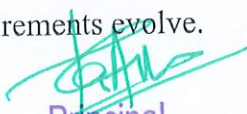

Use of Visual Aids: Utilize diagrams, flowcharts, and mockups to illustrate requirements and improve understanding among stakeholders.

Clear and Concise Language: Use clear and concise language to articulate requirements, avoiding ambiguity and misunderstanding.

Traceability: Ensure traceability between requirements and other project artifacts, such as design documents, test cases, and code, to facilitate validation and verification processes.

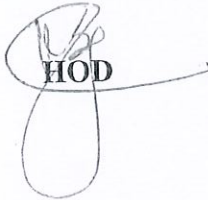

Regular Reviews and Updates: Conduct regular reviews of the SRS document throughout the development lifecycle to incorporate changes and updates as requirements evolve.

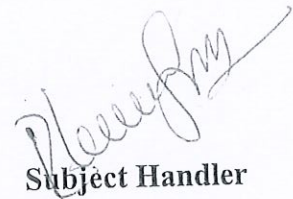

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Conclusion

Software Requirement Specification is a critical phase in software engineering that lays the groundwork for successful project development. By clearly defining the software's scope, functionalities, and constraints, SRS ensures alignment between stakeholders and development teams, leading to the delivery of high-quality software that meets client expectations. Adhering to best practices in requirement elicitation, documentation, and validation is essential for the successful execution of SRS.

TUTORIAL – REPORT

EVEN SEMESTER 2023-2024

Tutorial Report on Web Application Development Using PHP

Date: 23.01.2024

Class : II B.Sc. CS

Instructor: Ms. S. Abirami

Objective:

To provide an overview of developing a simple web application using PHP, demonstrating key concepts, and fostering hands-on learning for beginners.

- ☐ Understand the basics of PHP and its importance in web development.
- ☐ Learn how to create a simple yet functional web application using PHP.
- ☐ Explore techniques to connect PHP with databases like MySQL for dynamic data handling.

Introduction to PHP

PHP (Hypertext Preprocessor) is a widely-used, open-source scripting language ideal for server-side web development. It enables dynamic content generation, database interactions, and user authentication.

Steps to Create a Basic Web Application

1. Setting Up the Environment

- Install a web server like XAMPP or WAMP.
- Ensure PHP and MySQL are configured correctly.

2. Creating the Project Structure

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

4. Creating the Frontend Interface

- Design responsive web pages using HTML and CSS.
- Use PHP to embed dynamic data into HTML templates.

Example: Displaying a list of users.

- `<?php`
- `$result = $conn->query("SELECT * FROM users");`
- `while ($row = $result->fetch_assoc()) {`
- `echo "<p>" . $row['username'] . "</p>";`
- `}`
- `?>`

5. Testing and Debugging

- Test the application for functionality and usability.
- Use debugging tools to identify and fix errors.

Conclusion

By following this tutorial, beginners can develop a functional web application using PHP. The knowledge of database connections, dynamic content, and user interaction forms the foundation for more advanced projects.

Learning Outcomes

1. **Hands-On Experience:** Gained practical knowledge of PHP syntax and functions.
2. **Dynamic Web Development:** Understood how to integrate PHP with HTML for dynamic content generation.

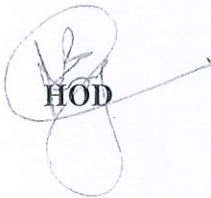

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

3. **Database Interaction:** Learned how to connect to and manipulate a MySQL database using PHP.

4. **Problem-Solving Skills:** Enhanced debugging and error-resolution abilities.

This tutorial lays the groundwork for further exploration of PHP-based frameworks like Laravel, enabling students to create more robust and scalable web applications.

DEPARTMENT OF COMPUTER SCIENCE

TUTORIAL – REPORT
EVEN SEMESTER 2023-2024

The tutorial class was conducted for a few students of III B.Sc CS on the subject **PHP and XML** during the last 10 minutes. Mrs. B. Yuvarani handled the class, and the topic discussed was **Form Handling in PHP**. The question raised by a few students (Shanmugam, Praveen V, Praveen Raja and Karan K) was, "How can form data be submitted and processed using PHP?"

Mrs. B. Yuvarani provided the following explanation:

In PHP, **form handling** allows data submitted through HTML forms to be processed and used in various ways, such as storing it in a database, validating input, or displaying it dynamically.

Example: Simple Form Handling

HTML Form

This form collects user input and submits it to a PHP script for processing.

```
<form method="POST" action="process_form.php">  
  Name: <input type="text" name="name" required><br>  
  Email: <input type="email" name="email" required><br>  
  <button type="submit">Submit</button>  
</form>
```

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

PHP Script (process_form.php)

This script processes the form data and displays it.

```
<?php
if ($_SERVER['REQUEST_METHOD'] == 'POST') {
    $name = $_POST['name'];
    $email = $_POST['email'];

    // Display submitted data
    echo "Name: $name<br>";
    echo "Email: $email<br>";
}
?>
```

Key Points Discussed:

1. The POST method ensures secure data transmission.
2. Input validation is critical to prevent malicious attacks like SQL injection.
3. Form data can be stored in databases or files for further use.

Learning Outcomes

Students learned how to create a simple HTML form and process its data using PHP. They also understood the importance of input validation and secure data handling in web applications.

TUTORIAL – REPORT

EVEN SEMESTER 2023-2024

Microprocessor Tutorial Session for I B. Sc CS

Mrs. Subhashini P. conducted a brief, 10-minute tutorial session on Microprocessor instructions for a group of I B. Sc CS students. The session addressed a question raised by J. Dharshin, Mahalakshmi, Deepika P., and Madhumitha regarding how to provide inputs, obtain outputs, and interact with the Microprocessor kit. Mrs. Subhashini P. then provided an explanation on these functionalities.

Instructor's Explanation:

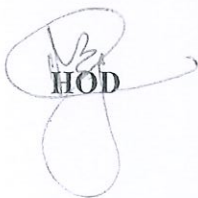

She covered the following points:

- How inputs can be provided to the kit.
- How outputs are generated from the kit.
- The process for accessing and utilizing the kit for various practical tasks.

The explanation helped clarify the students' doubts and provided a better understanding of the concepts involved in working with the Microprocessor kit.

Learning Outcomes:

The brief tutorial significantly enhanced student understanding of the Microprocessor kit's functionalities.

TUTORIAL – REPORT

EVEN SEMESTER 2024-2025

Microprocessor Tutorial Session for I B. Sc CS

Staff Name: P.Subhashini

"During a recent Java class, I observed that a few students had some doubts. I dedicated the last 10 minutes of the class to clarifying these doubts. Following this clarification, the students (Janani, Deepika K, Kalai Vani) demonstrated a significantly improved understanding of the concepts and actively participated in subsequent class activities."

Introduction:

This tutorial focused on the concept of inheritance in Java, a fundamental principle of object-oriented programming.

The objective was to provide students with a clear understanding of inheritance principles, its benefits, and practical implementation.

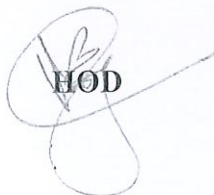

Methodology:

A brief introduction to the core concepts of inheritance, including:

- Definition and purpose of inheritance
- Super class and subclass relationships

Learning Outcomes:

Students demonstrated a better understanding of the inheritance concept and its significance in object-oriented programming.

DEPARTEMENT OF COMPUTER SCIENCE

REPORT ON GROUP DISCUSSION

Subject Handler: Ms. S. Abirami

Class: II B.SC CS

Year: 2023-2024

Report on Group Discussion: "The Impact of Artificial Intelligence on Job Markets: Opportunities and Challenges for Future Computer Scientists"

Date: 06.10.2023

Participants: 5 Groups, each with 8 to 10 members

Objective

To explore the effects of Artificial Intelligence (AI) on job markets and discuss the opportunities and challenges it presents for aspiring computer scientists.

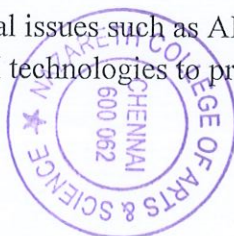

Key Discussion Points and Group Highlights

1. Opportunities Created by AI

- **Group 1:** Focused on new job roles like AI engineers, data scientists, and the emergence of interdisciplinary opportunities combining AI with healthcare and education.
- **Group 2:** Highlighted how automation improves productivity and efficiency, freeing humans to focus on creative and strategic tasks.
- **Group 3:** Discussed AI-driven entrepreneurial opportunities, citing examples of startups leveraging AI for healthcare, education, and financial services.

2. Challenges Introduced by AI

- **Group 4:** Emphasized job displacement concerns, particularly in manufacturing and customer service industries, and the need for reskilling programs.
- **Group 5:** Focused on ethical issues such as AI bias, privacy concerns, and the importance of regulating AI technologies to prevent misuse.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600052.

- **Group 2:** Addressed the economic disparities that might arise, stressing the importance of accessible AI education for all.

3. Role of Future Computer Scientists

- **Group 1:** Discussed the importance of innovating ethical AI solutions to tackle global challenges like climate change and healthcare accessibility.
- **Group 3:** Highlighted the need for creating AI systems that are inclusive and unbiased, ensuring they serve all sections of society.
- **Group 5:** Stressed balancing automation with human-centric design to prevent excessive job loss and maintain the human touch in decision-making.

Conclusion

The discussion revealed a consensus that AI's transformative potential is immense, but navigating its challenges requires responsibility and adaptability. Groups collectively concluded that computer science students should prioritize:

- Acquiring relevant AI skills.
- Engaging in lifelong learning to adapt to evolving technologies.
- Focusing on ethical practices to create AI systems that are fair and inclusive.

Learning Outcomes

1. **Awareness of AI Trends:** Insights into AI's dual impact on job markets.
2. **Critical Thinking:** Balanced exploration of opportunities and challenges.
3. **Collaborative Skills:** Productive teamwork and exchange of ideas among peers.
4. **Future Readiness:** Recognition of the need for continuous upskilling and ethical considerations.

The activity provided an enriching platform for students to understand AI's impact and prepare themselves for future challenges in their field.

DEPARTMENT OF ENGLISH
Academic Year 2023-2024
FOUNDATION ENGLISH REPORT

The General English course utilized innovative teaching methods such as **storytelling, group discussions, skits and technical presentations** to enrich students' understanding and engagement with the subject matter. The primary objective was to foster a deeper appreciation for literature, enhance critical thinking skills, and improve communication abilities among students.

Throughout the academic year, students engaged in storytelling sessions where they narrated and discussed excerpts from literary works, personal narratives, or creative compositions. Following each storytelling session, structured group discussions were conducted to delve deeper into the themes, characters, and literary techniques encountered. Analyzing texts from various genres, including fiction, poetry, drama, and non-fiction, to explore themes, symbolism, and narrative techniques were applied.

Students reported increased engagement and interest in the course material due to the interactive nature of storytelling and group discussions. The methodologies employed encouraged students to think critically about literary texts, supporting deeper analysis and interpretation. Students demonstrated improved communication skills, both orally and in writing, as a result of participating in structured discussions and presentations. The integration of storytelling and group discussion methodologies proved highly effective in achieving the intended learning outcomes.

Secretary's Message

"Education is the passport to future, for tomorrow belongs to those who prepare for it today"

-Malcolm X.

I am delighted to know that the Department Of Computer Science is set to release in fourth issue of News Letter. The Insurance of this news letter is the assurance of our ideal education service that likely to be extended in future. I offer my appreciation to the members of the faculty and students involved in bringing out the edition victoriously.

PRINCIPAL'S MESSAGE

Dear students and faculty it is a great happiness, I share my thought and wishes for the news letter of the Department of Computer Science. The release of the "Array Express" another milestone in the department towards innovation and knowledge sharing.

THE AGE OF THE BIG DATA

Data science has taken over the corporate world in the last few years. In today's digital world, lot of information is stored in big data. Those data provide the opportunities to solve the big problem of the society. Information is the oil of the 21st century and analytics in the combustion engine said by Peter Sondergaard, senior vice president, Gartner.

So if one is good in numbers and fascinated by data be ready for opportunities that knock that door embrace the new age of big data. I congratulate the department for this initiative and believe that teaching learning combine with practical experience will equip the students to handle challenges in all walks of life and help them to embrace the age of big data.

VICE PRINCIPAL'S MESSAGE

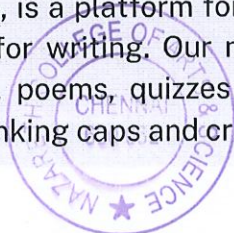

"INSIDE ALL OF US IS A HIDDEN DREAM"

Dear Reader's

Greetings to you and warm wishes!

"The mind is not a vessel to be filled, but a fire to be kindled." Said Plutarch. I congratulate the staff and students of all faculties who used various mediums of expression to present their ideas. As long as our ideas are expressed and thoughts kindled we can be sure of learning, as everything begins with an idea.

Array Express, our Department magazine, is a platform for our students to showcase their creative abilities hidden dreams and aspirations for writing. Our magazine aims towards bringing out the talents in our students through articles, poems, quizzes and experiences. We at Array Express Encourage our students to put on their thinking caps and create.

E-WASTE MANAGEMENT AWARENESS PROGRAM

On 18th August, 2023, Mr. D. Parveen and Ms. V. Nandhini from III B.Sc (CS) presented an informative session on E-Waste Management for II and III-year students. Mr. Parveen defined E-Waste, classified it into categories such as home appliances and electronic devices, and highlighted the toxic materials that pose health risks. He also discussed effective disposal methods and recycling techniques, supported by visual data showing E-Waste production by various countries and states in Tamil Nadu.

Ms. Nandhini focused on the environmental pollution caused by E-Waste, explaining its detrimental effects on water, air, and soil with practical examples. The session concluded with strategies for managing E-Waste and a Q&A session to clarify student queries. A short video illustrated the broader impact of E-Waste on the country, leaving the 432 attending first-year students informed and motivated to take action. Feedback forms were distributed to gather participants' insights for future improvements.

E-WASTE DROP-OFF @ NAZARETH COLLEGE

On 19th August this event was organized with the primary objective of contributing towards the achievement of Sustainable Development Goal (SDG) Target 12.5, which aims to reduce E- waste through prevention, reduction, recycling, and reuse.

E-WASTE DISPOSAL ACTIVITY

An E-Waste management awareness program was held on August 31, 2023 for school and college students, featuring a disposal demonstration coordinated by Ms. R Kaviyarasi and Virogreen India Pvt Ltd.

On collection day, the college team handed over the E-Waste materials, and funds were transferred via RTGS. A disposal certificate will be issued within 30 days, successfully educating students on proper E-Waste disposal.

E-WASTE EXHIBITION ON TECHNOLOGY TRANSFER

This event was organized to educate school students on responsible technology transfer and electronic waste management. Its goal was to raise awareness about the ethical use of technology and sustainable E-Waste management.

Twenty students participated in the exhibition, showcasing their work and engaging interactively. Cash prizes were awarded to recognize their efforts and contributions.

POSTER PRESENTATION OF STARTUP

Objective: Showcase innovative ideas, receive feedback, and learn startup essentials.

The Poster Presentation of the Startup Competition was held on August 29, 2023, showcasing the innovative potential of young minds across various entrepreneurial domains. Eleven teams, each with two participants, totaling 22 students, presented groundbreaking ideas under themes such as Textile, Organic Products, Child Products, and Health Products.

The event began at 10:30 AM with a warm welcome and an introduction to the agenda. Esteemed judge Mr. Ajay Pradeep, a seasoned entrepreneur, delivered an inspiring speech about his journey, motivating participants to pursue their entrepreneurial dreams. His engagement with each team was remarkable, as he posed critical questions and provided constructive feedback during the presentations. The Q&A sessions highlighted the students' dedication and understanding of market dynamics. The event concluded with a vote of thanks, and many students continued to seek Mr. Pradeep's guidance afterward, reflecting his commitment to nurturing future entrepreneurs.

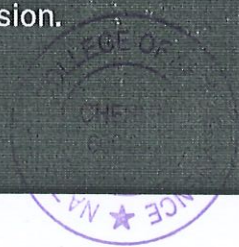

Learning Outcome: Improved pitch, refined business plan, valuable networking and practical entrepreneurial skills.

WORLD SUICIDE PREVENTION DAY

The Department of Computer Science organized an awareness program on 14th September 2023 for the students. The objective of the event was to create awareness on preventing negative thoughts, and raise some positive thoughts among them. The event was held in Lab1. The event had some positive impacts on our college students. The event educated individuals and communities on the importance of the positivity in their life.

Lectures were delivered with the aid of Microsoft power point presentations and videos. A total of 50 students attended the session.

WORLD OZONE DAY

On September 14, 2023, an event focused on raising awareness about protecting the ozone layer was organized. A total of 150 students participated, engaging in activities designed to highlight the ongoing need to safeguard this vital component of our planet's environment.

The event, held on campus starting at 9:00 AM, featured posters on topics such as "Behavior Lines for Sustainable Development," "Safety is on the First Place," "World Ozone Day," and "Preservation of the Ozone Layer." Participants who submitted the best work were recognized for their contributions. The activities effectively educated students about the importance of protecting the climate and the ozone layer, fostering a positive impact on their understanding of sustainable practices. Overall, the event inspired collective action towards preserving and restoring this critical environmental asset.

FUND RAISING

Dates: September 13 (Wednesday) and September 15 (Friday)

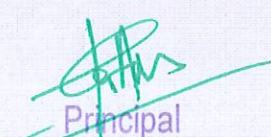

The Department organized a successful fundraising program for LACORSA 23, providing valuable learning experiences for students through two phases.

Phase 1: On September 13, students set up snack stalls during lunch, using a token system for efficient transactions. This phase taught them skills in organizing, pricing, and financial management.

Phase 2: On September 15, lunch packs, including chicken biryani and vegetable brinji, were sold, generating substantial revenue. Approximately 120 packs were sold, covering initial investments and contributing profits to LACORSA 23.

Overall, the program effectively raised funds while equipping students with essential skills in teamwork, marketing, and customer service.

LA CORSA 2K23

The department orchestrated an electrifying extravaganza on the 22nd of September 2023 – La Corsa'23! This extraordinary event was the talk of the town, and here's what went down.

La Corsa '23 featured a stellar lineup of five on-stage and two off-stage events, attracting students from various colleges to this tech extravaganza. As the day concluded, Mr. D. Parveen, the IT Association Secretary of III B.Sc CS, welcomed attendees to the valedictory session, with Dr. E. Mary Angeline, Principal of Nazareth College of Arts and Science, in attendance. The highlight was the introduction of **Chief Guest Mr. Hari Pravin, Co-Founder and Chief Product Officer at Krazy Buddy Technologies**, who inspired the audience with insights on entrepreneurship and AI.

Mr. Pravin's compelling message urged attendees to seize opportunities without delay. Winners and runners-up were honored with certificates and prizes, enhancing the excitement of the event. With a total of 250 participants, La Corsa '23 provided valuable exposure and empowerment for students to chase their dreams. Ms. V. Nandhini, IT Association Treasurer of III B.Sc (CS), concluded the event with a vote of thanks to all contributors to its success.

UPSKILL MS OFFICE

On January 6, 2024 a workshop to enhance staff skills in MS Office conducted by Ms S Abirami and Ms B Yuvarani. The workshop focused on advanced techniques in Word, Excel, PowerPoint, and Outlook. Participants engaged in interactive demonstrations and hands-on practice, gaining practical insights into maximizing the functionalities of MS Office for improved productivity and efficiency. The event not only provided valuable training but also fostered a collaborative environment, contributing to the overall technical proficiency of the staff and enhancing operational efficiency within the department.

BIG FIGHT – DEBATE

A debate competition for students titled “Real IT Industry” was held on 14.02.2024. Ms S Mumtaz Begum Barclays DLF IT Park hosted as Chief Judge of the event. The judge equipped the participants with valuable insights on the demands of Real IT industry.

CYBER SECURITY

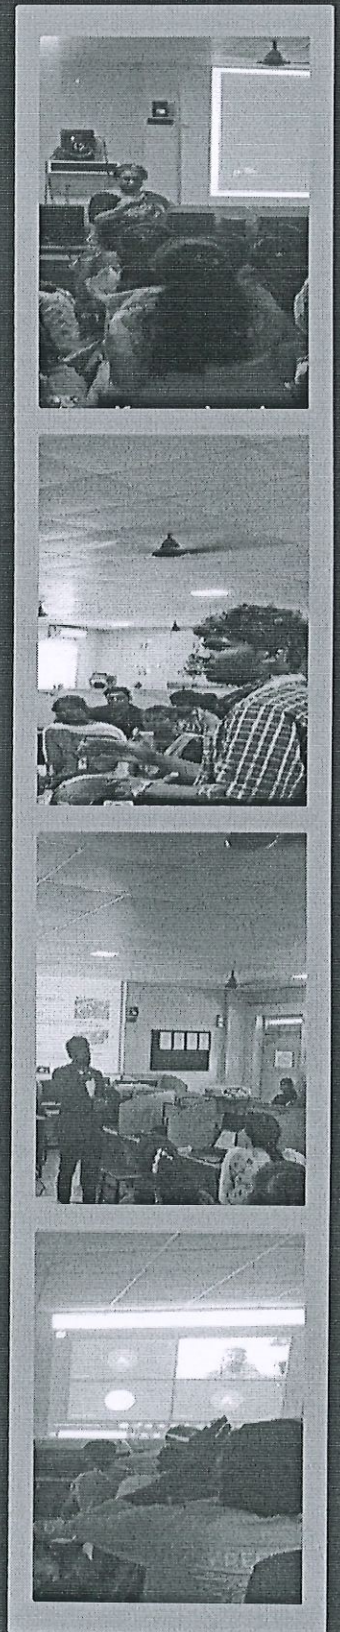

The Department conducted a “Workshop on Cyber security” on 22.02.2024. Mr ChandraPrakash Sankar, Founder and Director of Hackers InfoTech, Tirupur educated the school staff, college staff and students to protect their devices and themselves from Cyber Threats.

E-SHARING : SOFTWARE TESTING

The Department organized the event on 23.02.2024. Mr Jeba Kumar Rajasingh, Senior Associate of CTS, Chennai hosted as the resource person. The students gained industrial knowledge.

Welcome to this edition of our newsletter! We are thrilled to highlight the remarkable events and initiatives undertaken by the Department of Computer Science. Our recent workshop on MS Office, conducted in collaboration with the Internal Quality Assurance Cell (IQAC), provided an invaluable opportunity for staff to enhance their technical skills.

Additionally, we celebrate the success of La Corsa '23, an engaging tech extravaganza that brought together students from various colleges. With inspiring talks from industry leaders and thrilling competitions, the event not only showcased innovation but also fostered a spirit of entrepreneurship among participants. As we continue to support our students and staff in their pursuits, we encourage everyone to stay engaged, seek out opportunities for growth, and contribute to our vibrant academic community. Thank you for your continued support, and we look forward to sharing more inspiring stories in the future.

Warm regards,
Editors

IMPORTANCE OF E-COMMERCE IN OUR DAILY LIFE

The introduction of high-speed internet has completely changed the way people lead their lives. We spend most of our time using the net to study, work, shop, business, entertainment and learning purpose. These social and commercial activities are rather connected with the web. Currently, it is simply not possible to think about life without adopting eCommerce. It can be stated that the importance of eCommerce in daily life is only growing with each passing day. It is rather the demand of nations, businesses, customers and time. It is also expected to be a compulsion in the coming years. What is the reason behind its growing popularity? How it is gaining significance across the globe? By 2020, world wide eCommerce sales have already crossed 4 Trillion Dollars. The current Covid-19 pandemic situation has only made people to rely more on eCommerce.

Reasons for the growing importance of eCommerce in daily life

- Lower cost when compared to traditional shopping
- Range of products
- Exciting shopping deals and offer notifications
- Faster consumer consumption & less time consuming

CHALLENGES FACED IN THE MONEY MARKET NOWADAYS

The money market faces a shortage of funds due to inadequate savings. The low per capita income (PCI), poor banking habits among the people, indulgence in wasteful consumption, inadequate banking facilities in rural areas, etc. have also been responsible for the paucity of funds in the money market.

Challenges faced in money market are:

- ❖ Existing of unorganized money market
- ❖ Lack of integration
- ❖ Multiplicity in interest rate
- ❖ Inadequate funds
- ❖ Seasonal stringency of money.

A STUDY ON INACTIVENESS OF SHAREHOLDERS AND ITS CAUSES

The inactiveness of shareholders refers to shareholders who do not participate actively in the affairs of the company they own shares in. This could include not attending shareholder meetings, not voting on important issues, or not engaging with the company's management. Inactive shareholders might miss out on opportunities to have a say in the direction of the company and could potentially impact corporate governance. Several factors can contribute to the inactiveness of shareholders:

- **Lack of interest or knowledge:** Shareholders may not be interested in the company's operations or may not fully understand their rights and responsibilities as shareholders.
- **Small ownership stake:** Shareholders with a small number of shares may feel their individual voice or vote doesn't make a difference, leading to disengagement.
- **Trust in management:** Some shareholders may trust the company's management to make decisions on their behalf, leading them to be less engaged in the company's affairs.
- **Geographic distance:** Shareholders who are geographically distant from the company's headquarters may find it difficult to attend meetings or engage with management.
- **Complexity of issues:** Some shareholders may find the topics discussed at shareholder meetings or in company communications too complex to understand or engage with effectively.

Problems faced because of inactiveness :

- Shareholders who are inactive hold stock in a company but don't actively participate in its affairs. This means they typically don't:
- Vote on proposals or elect board members.
- Attend shareholder meetings.
- Contact management with questions or concerns.
- This lack of participation can be frustrating for companies, especially in situations where they need shareholder approval for things like:
- Mergers and acquisitions
- Issuing new shares
- Changes to company by law

CHALLENGES AND PROSPECTS OF WOMEN ENTREPRENEURS IN MARKETING WITH REFERENCE TO THIRUVALLUR DISTRICT

This study examines the various challenges faced by women entrepreneurs in the field of marketing, while also exploring the promising prospects that exist within this dynamic sector. As women continue to break traditional barriers and actively participate in entrepreneurship, the marketing domain presents both opportunities and challenges that warrant in-depth analysis. Using a mixed-methods approach, the study collects detailed information from female entrepreneurs in the marketing sector through surveys, interviews, and case studies. The difficulties examined include societal expectations, financing availability, gender bias, and a lack of networking possibilities. The study also looks at how these obstacles affect women's performance as entrepreneurs and the general expansion of their companies. On the other hand, the study highlights important opportunities for female entrepreneurs in the marketing field, including the emergence of digital platforms, changes in consumer behavior, and the growing need for varied viewpoints in marketing tactics. Women entrepreneurs can carve out a place for themselves and make a substantial contribution to the expansion and innovation of the marketing industry by taking advantage of these chances.

A STUDY ON IDENTIFYING FACTORS INFLUENCING YOUTHS ATTITUDE AND PERCEPTION TOWARDS ENTREPRENEURSHIP WITH SPECIAL REFERENCE TO CHENNAI CITY

Unemployment is one of the important problems faced by the youth living in Chennai. It results in the growing interest of youths in entrepreneurship. Youth entrepreneurship largely contributes to economic growth and stability and also help eradicate unemployment. An entrepreneur is a core of entrepreneurship, as the entire success of the venture depends on him. This study aims to investigate the factors that significantly impact the attitude of youths in Chennai city to become entrepreneurs. It also measures the level of awareness about opportunities and applications involved in entrepreneurship. Further, this study sheds light on highly motivated and inhibited factors in youth's perception. An empirical research design was used. The data was collected using an online

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalavam,
Vellanoor Post, Avadi, Chennai, 600062.

STAFF ARTICLES

questionnaire via Google Forms from a sample of 53 young respondents in Chennai city. Descriptive analysis and various statistical tools were applied to the research variables. The results of this study revealed that the young people in Chennai city don't have much awareness about the opportunities and applications of entrepreneurship. It also identified that financial assistance was found to be a major difficulty faced by youths to become entrepreneurs. At the same time, the element of independent living is highly motivating for youth, especially women. This paper recommends that the government take various steps to create awareness about the benefits of entrepreneurship. Arranging guest lectures of successful entrepreneurs in educational institutions highly motivates the youth generation to become entrepreneurs.

IMPACT OF COVID – 19 ON LOGISTICS MANAGEMENT

The corona virus disease 2019 (COVID-19) is an infectious disease. The pandemic has provoked serious social and economic disruption globally, including strict social distancing, travel restrictions, and one of the largest global recessions since the Great Depression. A logistics organization helps to us for bringing world economy to our doorsteps. Logistics firms, which are involved in the movement, storage, and flow of goods, have been directly affected by the COVID-19 pandemic. As an integral part of value chains, both within and across international borders, logistics firms facilitate trade and commerce and help businesses get their products to customers. Supply chain disruptions to the sector caused by the pandemic could, therefore, impact competitiveness, economic growth, and job creation.

Eg: Amazon has become famous for its logistics strategy, which is made possible by the company's global network of distribution, sortation and fulfillment centers. Amazon's same-day and next-day delivery model rests on a complex logistics framework. For the most part, governments have responded to the crisis by designating ports, shipping, and trucking services as essential—and thereby exempt from lockdown measures. For example, the Indian government exempted the movement of cargo through ports, supply chains, and the transport of essential commodities from lockdown rules. Although many airports around the world are closed to passenger flights, most are still open to cargo,

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

STAFF ARTICLES

which can be essential to the COVID-19 response (for example, to transport medical supplies). Closer collaboration between governments and third-party logistics companies has also been necessary to address supply chain bottlenecks and facilitate clearances. The pandemic virus has resulted in state economic instability and led to high unpredictable tendencies; it has also generated new possibilities and business opportunities. Some of the new changes include the rise of e-commerce, and electronic payment, changes in consumers' purchasing patterns, and high demands for logistics services.

IMPACT OF EMPLOYEE MORALE ON PRODUCTIVITY ON ORGANISATIONAL SUCCESS

This research topic will assist the organization in determining its strengths and opportunities for developing employee morale, as well as identifying happy people and their productive work. The study at employee morale on productivity on organizational success revealed that there are several factors, such as Social Security provisions, social services, pay status, Bonus, health status, shift schedule, and labour recognition. We learn about the personnel by conducting this research. An employee mindset is critical for this assistance. An employee's posture towards their company is referred to as their morale. An employee's involvement and contentment will lead to excellent performance if his or her morale is high. The study's findings provide the researcher with fresh ideas, and it is concluded that morale has an effect on employee productivity and the various variables utilized by the organization to boost employee morale. The connection and strength of the workforce can be discovered through morale.

IMPACT OF MICROFINANCE TRAINING & DEVELOPMENT AND PROBLEMS OF LOAN ON WOMEN ENTREPRENEURS

The research tries to discover the impact of microfinance training & development and problems of loan on women entrepreneurs. The research tries to discover the impact of microfinance training & development and problems of loan on women entrepreneurs. Descriptive research design was chosen for this research. The sample size of the research is considered to be 50 small business women entrepreneurs through snowball sampling technique in Villupuram district. Therefore, it is concluded that there is impact of microfinance training on women empowerment and performance of women entrepreneurs. It is also identified that there is no impact of problems of loan on women empowerment and performance of women entrepreneurs. Hence, it is recommended that microfinance institutions should reduce interest rates on loans to small business women entrepreneurs and change the way small business women entrepreneurs repay loans. This will make it easier for small business women to get loans from them to run their businesses without considering them as profit-making enterprises.

GUEST LECTURE

Grade: MSW

Guest Lecturer: Mrs. Lakshmi

Topic: Life Skills and Communication

INTRODUCTION:

Master of social work students had a session on the importance of life skills and communication in social work. Asst.prof.Mrs. Lakshmi from Madras school of social work had engaged into the knowledge of life skills and its structure, how one can use it and the ways how a social worker should develop these skills.

SESSION:

The life skill and communication session were taken by Asst.prof.Mrs. Lakshmi from Madras school of social work, initially the students were allocated to do an assessment based on life skill of knowing oneself later it was calculated and students get to know how an individual life skill of oneself is there and how can one know about it or assess someone.

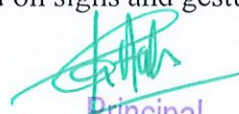

For example: A social worker must know themselves first and then only he can prolong it to their client. Without knowing of themselves the social worker cannot assist the client.

The session then started with a seminar and Mrs. Lakshmi elaborately explained about the terms they use and psychologist who initiated the life skill and also the practices.

Later we had a session on communication as we all know one of the major crises of human relationships is communication. Without proper communication nothing is possible. And this communication depends on individual some may verbally or through writing can communicate but for some it might be through action, gestures and sign. Communication play a vital role in social work, The social worker and the client must have a good communication so that the problem solving, and the intervention would be efficient without proper communication it might be a great barrier to move through the case.

So how a communication is important and how a social work should be with good communication skills was taken and also she engaged the students to do activities based on signs and gesture how other could grasp it and know what they wanted to say.

Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Later the students were assisted to do a test based on communication skills and everyone explained about themselves

The overall session took by Asst.prof.Mrs. Lakshmi from Madras school of social work was very insightful.

OUTCOMES:

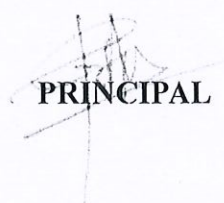

- The session took by Asst.prof.Mrs. Lakshmi from Madras school of social work on the topic life skill and communication gave students a great knowledge about the practices of life skill and communication a social worker must follow.
- The students learned various aspects of knowing themselves through assessment and activities.
- This session has created a great impact into students of learning about life skill and communication
- The students thoroughly gained a vast knowledge about life skill and communication.

CONCLUSION:

The session was very useful to Master of social work students to know about life skill and communication and the vital role it plays in social work

DEPARTMENT OF COMMERCE

“PRODUCT LAUNCH”

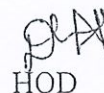

REPORT

Department of Commerce organized a “Product launch” in association with IQAC on 4th October 2023. Ms.Dhivya and Ms.Ierin welcomed the attendees. Ms.K.Alamelu,(Dean, IQAC), was invited as the resource person. Ms. Suji.K of II B.COM D introduced the resource person. A total of 267 students and staff members actively participated in this product launch.

The Resource person enlightened the students on launching the product in markets through innovative ideas. The main objectives focused on product launch were timeline, budget, marketing and advertising strategies, and sales goals. The program helped the students to know more about launching the product in the market. The session was very interactive.

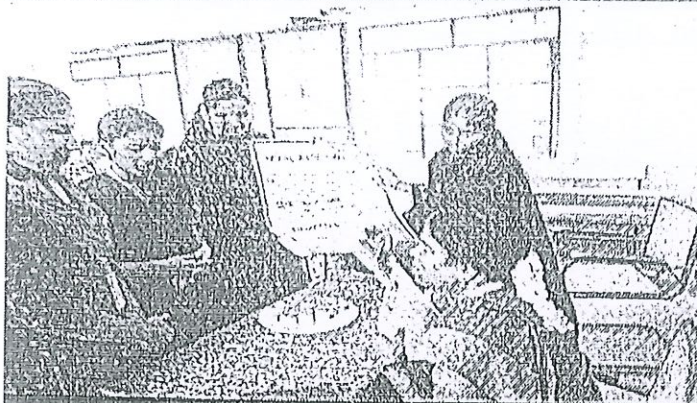

Ms. Suji.K of II B.COM D, Department of Commerce proposed a vote of thanks.

SMALL SCALE INDUSTRY DAY TABLEAU

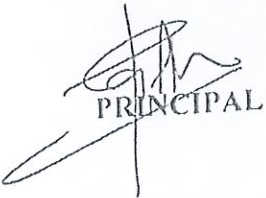

REPORT

04/09/2023

Department of Commerce in association with IQAC conducted "Small scale industry day Tableau" on 4th September 2023. Ms.Dhivya, Head, Department of Commerce welcomed ; Dr. E.Mary Angeline, the principal. She was invited as a Chief Guest. Our Principal gave a motivational speech on how technology made things more efficient and also told us that there are unlimited opportunities in the field of Entrepreneur. Ms Mano Ranjitham Vice Principal and Dean of IQAC Ms.Alamelu were present there. The students and the faculty members participated in this Tableau. The aim of this event was to impart knowledge about the production units of these industries and entrepreneurship to the students. It also aimed to familiarize the students with the recent developments in the field of entrepreneur in our country.

The model of Industries such as Coffee Industry, Baby Diaper Industry, Pickle Industry, Masala Industry, Dairy Product Industry, Paper Industry, Bakery, Leather Industry, Cold Pressed oil Mill, Jute Industry, Cotton Industry, Candle Industry were on display. All Industry models were fascinating. The students were excited and confident while explaining their industries. Students from other departments enjoyed the event visiting these displays.

The Tableau was an amazing and informative event for students as well as students from other departments. These types of event created awareness among students to increase knowledge in the field of Small-scale Industry.

Report on Expert Talk on Entrepreneur Awareness Program and Business Expo

Event details:

Date: October 16, 2023

Time: 10:30 AM

Day: Monday

Venue: Seminar Hall, Nazareth College of Arts and Science

The Entrepreneur Awareness Program cum Business Expo, organized by the Entrepreneurship Development Cell (Ed Cell) and the Department of Business Administration at Nazareth College of Arts and Science, was held at Nazareth college of arts and science on November 16, 2023.

OBJECTIVE OF EVENTS: This event aimed to educate and inspire students about entrepreneurship and business opportunities.

The event featured a guest lecture, the by Mr. Vembu Rajan Subramanian founder of Fresh Millers and Fresh Bhavan, Chennai was invited as the keynote speaker for students showcase their entrepreneurial ventures.

Mr. Vembu Rajan Subramanian, entrepreneur shared his extensive experience and expertise in the field of entrepreneurship to the students.

A total of 86 students and 4 staff members participated in the seminar. The large turnout of students demonstrated their enthusiasm and interest in entrepreneurship and business-related matters. The seminar provided them a unique opportunity to gain knowledge from an accomplished entrepreneur and broaden their understanding of the business world.

Business Expo:

In addition to the seminar, a business expo was organized to allow students to showcase their entrepreneurial projects. A total of 28 students actively participated in the business expo, presenting their innovative ideas and ventures to the curious audience.

Visitors to the Business Expo

The Principal of Nazareth College of Arts and Science and the Secretary of Nazareth Educational Institutions visited the business expo stalls. Their presence added significance to the event and encouraged the students in their entrepreneurial endeavours. The dignitaries appreciated the efforts and creativity of the students.

OUTCOME OF EVENTS:

The Entrepreneur Awareness Program cum Business Expo was a resounding success, and provided a platform for students to gain valuable insights into entrepreneurship and showcase their own business ideas.. It is hoped that such initiatives will continue to nurture and develop the entrepreneurial spirit among the students and foster innovative business ventures in the future.

DEPARTMENT OF BUSINESS ADMINISTRATION
(An IQAC Initiative)
Organizes
CI-SIAMO-2024 (An Inter Collegiate Management Meet)

Event Details:

Date and Time: 5th March 2024, 10 am onwards.

Venue: NCAS AUDITORIUM

Organizer: BBA Department, NAZARETH COLLEGE OF ARTS AND SCIENCE (NCAS).

Chief Guest: Dr. N.V. Suresh, Vice Principal and Associate Professor at ASET College of Science and Technology.

"Ci-Siamo," the **inter-collegiate event** organized by the BBA Department, was honored to have Dr. S. N. Suresh as the esteemed chief guest. This collaboration added prestige and significance to the event, elevating its status as a platform for fostering business talent and innovation among students. Jarikulla Dillirani of the III BBA welcomed the participants. Dr. A. Stephen, Head, of the Department of Business Administration, gave the chief Guest introduction. The chief guest Dr. N.V. Suresh delivered an inspiring inaugural address, sharing insights and words of wisdom with the participants. He motivated and inspired the students to pursue excellence in their academic and professional endeavors.

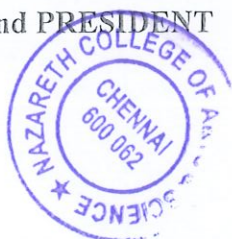

Objectives of the event:

"Ci-Siamo" provides a platform for participants to learn new concepts in developing practical skills, and apply theoretical knowledge in real-world scenarios. Through engaging activities like logo sketching, business quizzes, best manager, adzap challenges, and business walks, students gain hands-on experience and insights into industry practices, thereby enhancing their employability and readiness for the professional world. Adding to the value the event paved creativity and innovation among participants. By nurturing a culture of creativity and to inspire entrepreneurial thinking, and catalyze positive change in the business landscape.

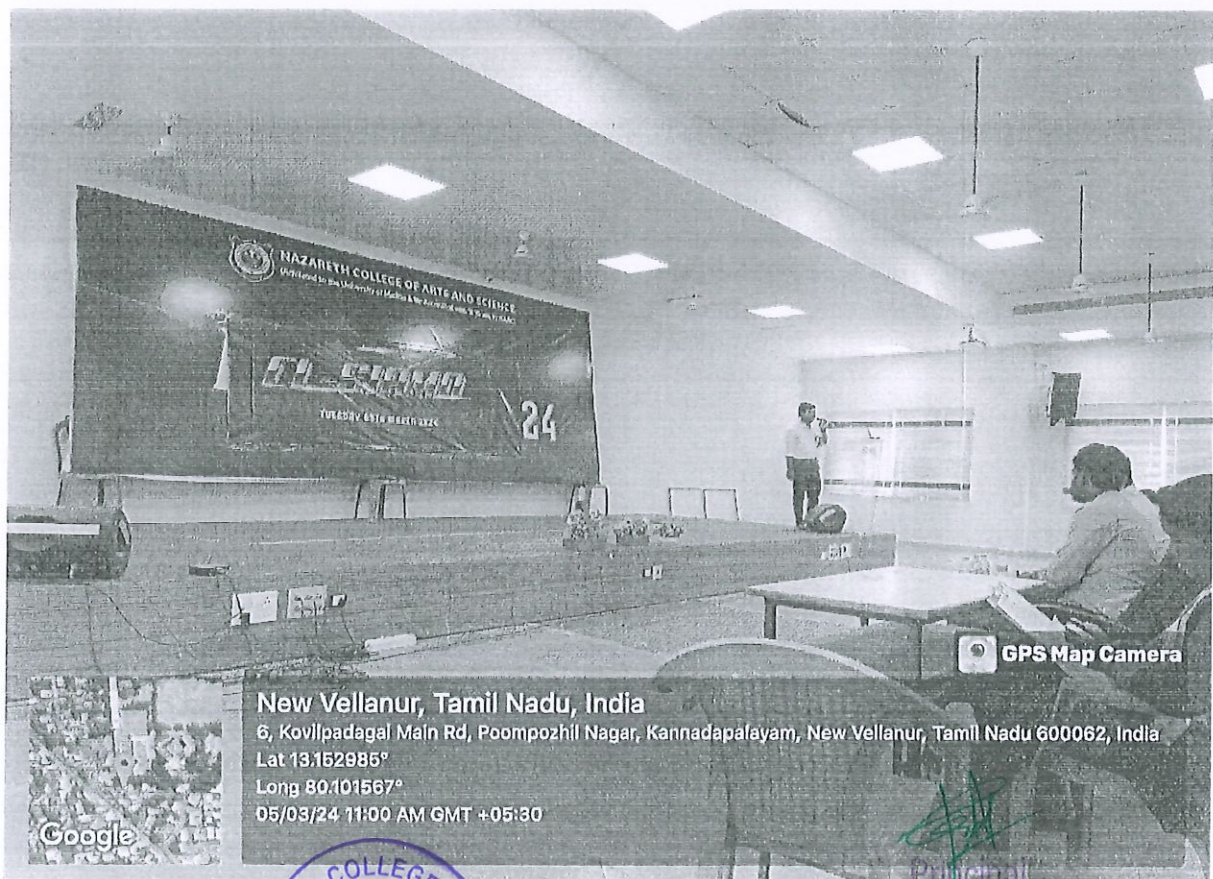

The outcome of the event:

The event provided an immersive learning experience, demanding the development of practical skills such as critical thinking, problem-solving, and communication through interactive activities like quizzes, challenges, and simulations. "Ci-Siamo" empowered students and participants with the knowledge, skills, and connections needed to succeed in their academic and professional endeavors. Four colleges participated, 168 students were befitted and 7 staff members were involved in this event. Finally, the vote of thanks was given by Ms. M. Latha, Assistant Professor, Department of Business Administration, NCAS.

Department of Visual Communication

PHILOCALIST-2023

The Department of Visual Communication has organized PHILOCALIST, an Art Exhibition on 24th August 2023 in drawing hall. More than 150 students drawing and paintings were exhibited in the drawing hall. The exhibition was inaugurated by the principal Dr.E. Mary Angeline.

Mr. A.N.Henry Maris, Secretary, Nazareth Group of Institutions, Guest of Honor, felicitated the students for their drawings and paintings. All department staffs and students visited the art exhibition.

The objective of this exhibition is to bring out the Students to understand how to analyse works of art. Students will learn to classify art and curate an exhibit. Students will understand how technology can enhance their project design and ability to work collaboratively. Students will also be able to demonstrate an awareness of contemporary aesthetic and ethical considerations in drawing and painting.

Webinar on Entrepreneurial Development PROGRAM REPORT

Date: January 30, 2024

Time: 2:00 pm to 3:00 pm

Venue: Online (Google Meet)

GMeet link: <https://meet.google.com/dtm-hiov-mgv>

Organizers: Ed Cell and the Department of Business Administration

Objective of the Program:

The entrepreneurial development cell and the department of business administration jointly organized a **webinar on entrepreneurial development** on 30/1/24. The primary objective of the program was to impart knowledge and insights into entrepreneurial skills, strategies, and development opportunities in business.

The banner features the Nazareth College of Arts and Science logo at the top left, followed by the text "ED cell and Department of Business Administration jointly organized". The main title "Webinar on Entrepreneurial Development" is prominently displayed. Below this, the date and time "Tuesday, 30th Jan 2024, 02.00 PM to 03.00 PM" are listed, along with the Google Meet link "https://meet.google.com/dtm-hiov-mgv". A small image of a person is visible on the right side of the banner.

In the presence of

Department of Business Administration
NCAS

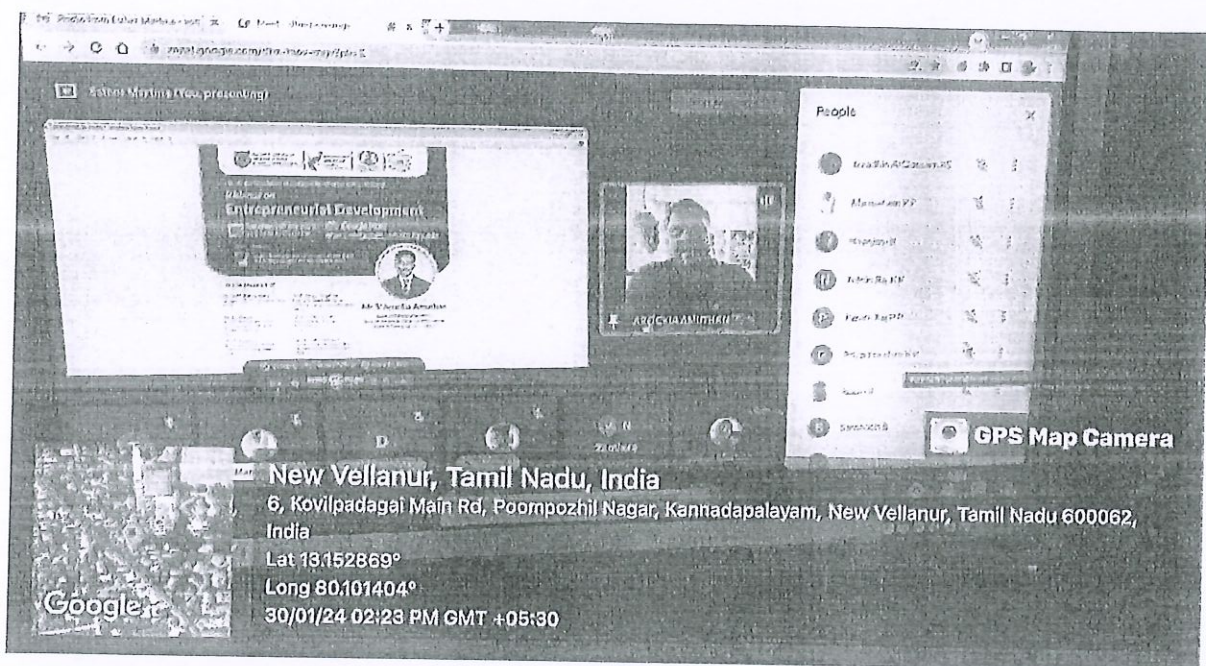

Resource Person:

The session was conducted by Mr. V. Arockia Amuthan, an esteemed faculty member Department of Economics, Nazareth Margoschis College, Tuticorin District, and Tamil Nadu. Mr. Amuthan showcased his wealth of knowledge and experience in the field of economics and entrepreneurship.

Message Delivery:

Ms. R. Esther Martina, Assistant Professor of Business Administration introduced the resource person.

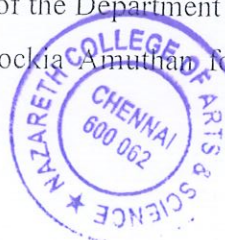

Outcome of the Program:

The webinar proved to be immensely beneficial for all the participants. Mr. Amuthan's comprehensive presentation covered various aspects of entrepreneurial development, including identifying opportunities, building business models, financial management, and overcoming challenges. Our college students had a great time in this Webinar. A total of 28 students and 4 staff participated. Participants gained valuable insights into the entrepreneurial ecosystem and equipped with practical strategies to foster their entrepreneurial acumen.

Vote of Thanks:

Dr. A. T. Stephen Dev, Head of the Department of Business Administration, extended a heartfelt vote of thanks to Mr. V. Arockia Amuthan for his enlightening session. Dr. Dev expressed

Department of Visual Communication

Seminar on News verification Techniques and Tools

A Seminar on News verification Techniques and Tools was organized by the Department of Visual Communication on 19th October 2023. The seminar was led by Dr.S.Arulselvan, Associate Professor , Head, Department of Media Sciences, Anna University, Chennai.

The objective of this seminar is to explain the detection of fake news on social media. He explained the importance of technology in contemporary times and the need for social media. He covered various aspects of digital news verifications. He emphasized the importance of data-driven storytelling for journalists and highlighted the sources of data available online. He shed light on the usage of technical tools to verify data and methods to authenticate large datasets. The seminar equipped attendees with essential abilities, skills and knowledge of digital news. Enabling them to be responsible and produce accurate data - driven content in the digital age. The program ended by distributing certificates to the students.

Seminar on Web Publishing

A Seminar on web publishing was organized by the visual communication department on 14th september 2023 in Multimedia Lab. The main focus of the Seminar was to train the students of visual communication to meet the standards of the media and industrial needs.

The workshop was led by Mr. Mohamed Sulaiman Instructor- Multimedia, Department of Visual communication, Chennai National Arts and Science College, Avadi.

The objective of this Seminar is to equip the students with the skills required for designing and developing web applications in Information Technology. Students will be able to learn the latest trends in various subjects of Web Designing and publishing software. The seminar is aimed to graduate the students with a design background and provides the concepts and challenges in designing.

To train students in basic web designing concepts and publication applications. To expose students to open source technologies to make them familiar to seek appropriate opportunity in the market. It provides socially acceptable technical solutions to real-world problems with the application of modern and appropriate programming techniques. It imparts students the inherent skills with absolute focus to function as a successful entrepreneur.

Department of Business Administration and Research Cell Jointly organize an IQAC Initiative

Report on seminar on Research Project Work

The Department of Business Administration and Research cell jointly organized a Seminar on Research Project work, on September 27, 2023, at College Auditorium.

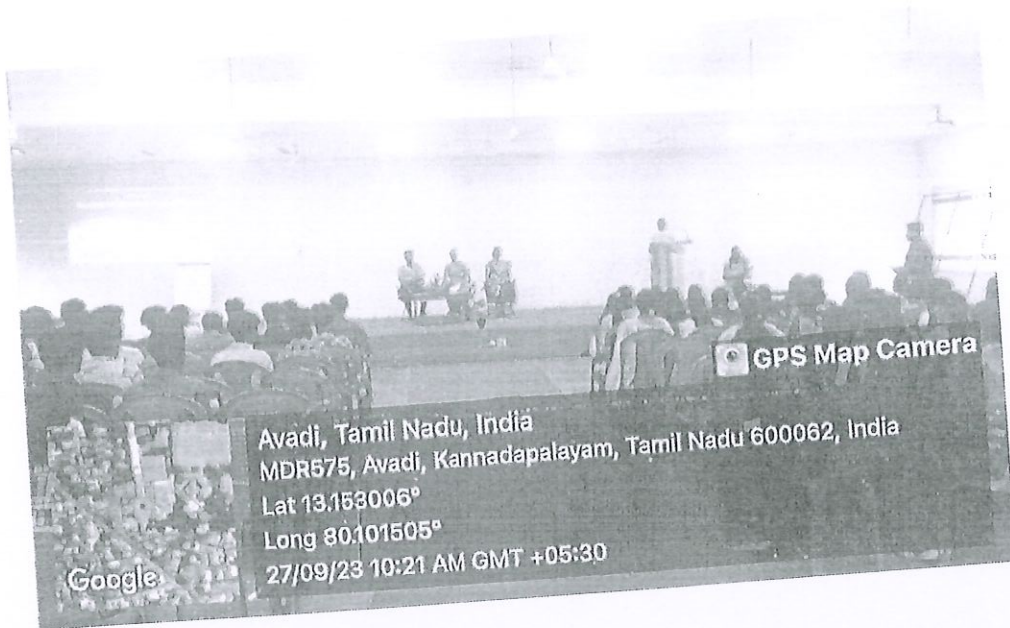

Dr. Rajalakshmi Saravanan, Assistant Professor Department of Business Administration Mar Gregorious College of Arts and Science, was invited as the resource person. Angel Kiruba of III BBA welcomed the gathering, J. Samsathnameera of II BBA introduced the resource person.

During the session, Dr. Rajalakshmi Saravanan discussed the significance of Research Project Work, emphasizing on key aspects such as information sharing, peer review, learning opportunities, and the identification of research gaps. She also informed that seminars on research projects provide an excellent platform for students to share and discuss their knowledge on undertaking Research and project works which is a part and parcel of their curriculum.

Kovilpathagai Main Road, Kannadapalayam,
Vellur Post, Avadi, Chennai-600062.

the resource person remarked that the success of research project seminars depends on meticulous planning, effective communication, and active engagement of participants. Creating an inclusive and supportive environment that fosters open dialogue and research learning is essential for a productive seminar.

Research Ideas: Seminars can generate new research ideas or refine existing ones. Through discussions and brainstorming sessions, participants may identify gaps in the current research and propose innovative approaches to address them.

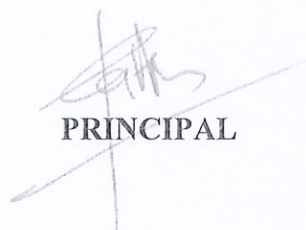

[Signature]
Principal
Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,
Vellanoor Post, Avadi, Chennai-600062.

Methodology Development: Seminars can help in refining research methodologies. Researchers may discuss and analyse various research methods, that lead to improve study designs and data collection techniques.

Educational Benefits: Seminars often serve as educational platforms, helping participants learn from each other and from experts in the field.

The seminar received positive feedback from our college students. A total of 143 participants greatly benefited from the session. Saranya of III BBA proposed a vote of thanks.

REPORT

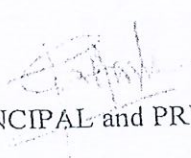

The Content of the Report should include

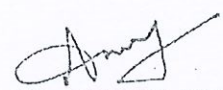

1. Objective of the Program
2. Learning Outcome of the Program

IIC & Department of Commerce organised a seminar on Intellectual Property Rights (IPR) Technology and Transfer on 10/04/2024 Auditorium at 9.00 am. The program began with the introduction of the Resource person. Around 150 students and 2 staff members attended the event. Mr. Rithik J. Unni (You tube Meta Data Handler) was invited as the Resource person. Mr. Vadivelan, Assistant Professor, Department of Mathematics introduced the resource person.

Objective of the Program : The Objective of this IPR event is to encourage innovation and creativity by providing legal protection and incentives to individuals and organisations for their inventions, creations and expression of ideas. These rights enable creators to control and benefit from their intellectual assets, promoting economic growth, technological advancement, and cultural heritage.

Learning Outcome of the Program : The students came to know the different forms of intellectual property such as Patents, Trademarks, Copyrights, and Trade secrets, legal framework and regulations governing intellectual property rights at national and international levels. Overall, the students gained a Comprehensive understanding of the role and significance of Intellectual Property Rights (IPR) in Contemporary society.
