IDHU NAMMA AVADI INITIATIVE 2023-2024

**REPORT ON VISIT TO COMMUNITY WOMEN'S GROUP FOR TAILORING AND
ARI COURSE ENROLMENT**

Date of Visit: 7th June 2024

OBJECTIVE: The visit aimed to promote and encourage enrolment in skill-based courses such as Tailoring and Ari embroidery among community women, connecting them with potential job opportunities in export companies.

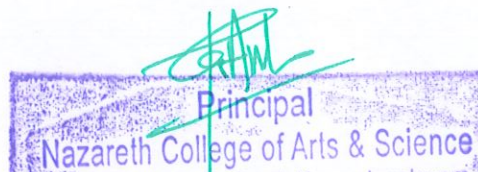

ACTIVITIES CONDUCTED:

1. **Interaction with Community Women:**
 - Engaged in discussions with local women to highlight the benefits of acquiring skills in tailoring and Ari embroidery.
2. **Motivation and Guidance:**
 - Encouraged women to pursue these courses to develop skills that are in demand and enhance their employability.
3. **Distribution of Contact Information:**
 - Provided contact details to interested women for further inquiries and assistance with course enrolment.
4. **Convenient Enrolment Option:**
 - Gathered feedback on preferred timings for the courses to ensure higher participation and convenience for the women.

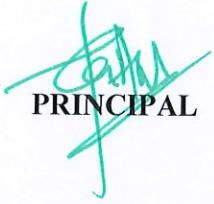

OUTCOME OF THE VISIT

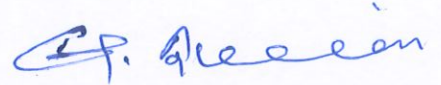

- The community responded positively to the initiative.
- Several women expressed interest and showed readiness to enrol in the Tailoring and Ari embroidery courses.

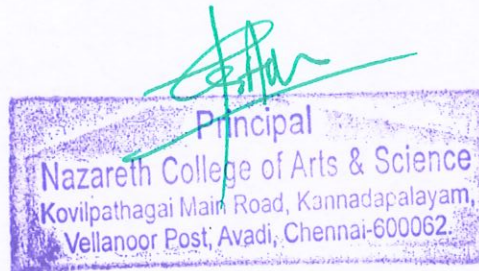

The visit successfully promoted the Tailoring and Ari courses among community women. By facilitating skill acquisition and connecting them with job opportunities, the initiative aims to empower women and enhance their economic independence. This engagement has paved the way for improved participation and enthusiasm among the community, indicating a promising future for the program.

TAILORING COURSE ENROLLMENT REPORT FOR COMMUNITY WOMEN - JUNE 2023

Objective: This report outlines the enrolment details for the Tailoring Course aimed at empowering community women through skill development, held in June 2023.

Enrolment Details:

Name	Husband Name	Contact Number	Place	Remark
Mrs. R. Anjali	Rajesh	9498098943	Veerapuram	Tailoring course
Mrs. G. Malathi	V. Raja	9600125902	Veerapuram	Tailoring course
Mrs. Divya	Vel	9597893798	Veerapuram	Tailoring course
Mrs. M. Dabitha	Manoj	8072165525	Veerapuram	Tailoring course
Mrs. V. Anusha	B. Vijayan	8220922316	Poochiathipedu	Tailoring course
Mrs. Manimegalai	Vishnukumar		Morai	Tailoring course
Mrs. Jayarani	Ionesh Gnana Sounder	8039111099	Kovilpathagai	Tailoring course
Mrs. Malarkodi	Kanagaraj	9791182305	Kovilpathagai	Tailoring course
Mr. Shehanar Begam	K. Akbar Ali	8637467529	Kovilpathagai	Tailoring course
Chandra Leoha	Vinoth	8248874830	Melpakkam	Tailoring course
Mrs. Mohanapriya	Ramesh	9171766601	Kolumedu	Tailoring course
Mrs. V. Dhanalakshmi	V. Venketesan	6383850388	Kanadapalyam	Job
Mr. Poongodi	Balaji	8610775697	Kanadapalyam	Job

Name	Husband Name	Contact Number	Place	Remark
Gesiya	-----	8056233542	Kovilpathagai	Tailoring course
Satheshwari	Arunkumar	7200034917	Veerapuram	Tailoring course
Neetu	Sivakumar	9884591711	Kovilpathagai	Tailoring course
Divya Bharathi	K. Ramesh	8778624554	Melpakkam	Tailoring course

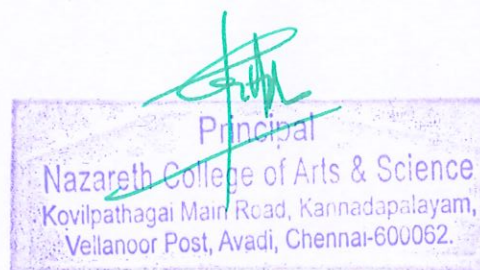

OBSERVATIONS:

- The course witnessed significant interest from women across various regions, specifically Veerapuram and Kovilpathagai.
- The enthusiasm for enrolling in tailoring courses indicates a strong desire among women to acquire new skills and potentially secure employment.

The Tailoring Course for Community Women in June 2023 successfully registered multiple participants from diverse backgrounds, emphasizing the community's interest in skill development. Continuous support and expansion of such programs can further empower women and contribute to their economic independence.

UNNAT BHARAT ABHIYAN (UBA)

Quarter 1 Report (2023-2024) (January to March)

PROJECT TITLE: TREES AND PLANTS IDENTIFICATION IN ARRAKIMBATTU VILLAGE

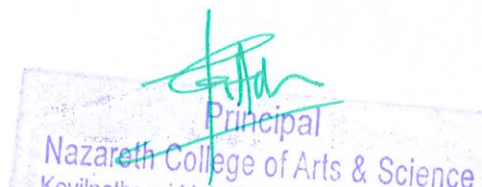

Unnat Bharat Abhiyan (UBA) initiative, Nazareth College of Arts and Science conducted a project to identify and document the tree and plant species in Arrakimbattu village on 07.02.2024. Using modern tools like the PlantNet app, the project aimed to enhance the identification process by leveraging technology for accuracy and efficiency. This initiative contributes to raising awareness about local biodiversity and promoting ecological conservation among the community.

OBJECTIVES

1. To create a detailed inventory of trees and plants in Arrakimbattu village.
2. To identify plant species using the PlantNet app, ensuring accuracy in documentation.
3. To document both scientific and local names of the identified species.
4. To educate the community on the ecological importance of preserving local flora.

ACTIVITIES CONDUCTED

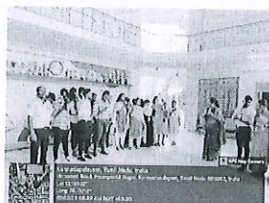

- The Plant Net app was utilized to identify the trees and plants in Arrakimbattu village.
- Photos of various trees and plants were captured and analyzed using the app for precise identification.
- The scientific names of the species were recorded along with their corresponding local names.
- The data collected was organized into a structured database for future reference and conservation efforts.
- Community members were engaged through discussions and awareness programs to understand the importance of the identified plants and trees in maintaining ecological balance.

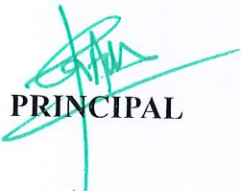

OUTCOME OF THE PROGRAM

1. A comprehensive database of tree and plant species in Arrakimbattu village was created using modern identification techniques.
2. Scientific and local names of each plant species were accurately documented.
3. The project demonstrated how technology, such as the PlantNet app, can aid in biodiversity studies.
4. Community members gained insights into the significance of preserving their natural environment.

The "Trees and Plants Identification in Arrakimbattu Village" project successfully combined technological tools with environmental awareness initiatives to achieve its objectives. By using the PlantNet app, the project ensured the accuracy and efficiency of the identification process, contributing to the preservation of local biodiversity. This initiative aligns with the goals of the Unnat Bharat Abhiyan, promoting sustainable practices and strengthening the connection between the community and their natural surroundings.

DRUG-FREE TAMILNADU REPORT 2023-2024

The primary goal of the program was to raise awareness about the reasons behind drug use and to educate students on maintaining conscientious behavior in society, emphasizing the importance of not succumbing to negative influences. On August 11, 2023, the NSS units 1 and 2 at Nazareth College of Arts and Science, located in Avadi, Chennai-62, hosted a Drug Awareness Programme on campus. The event was officially opened by Mr. A. N. Henry Maris, the college Secretary, and Dr. E. Mary Angeline, the Principal. Guided by the advice and influence of our NSS units, students from our college willingly participated in this programme, demonstrating their commitment to understanding and combating the issues related to drug use.

NCDTL: Faculty Development Programme on Teachership in Higher Education

Date: 23.01.2024

Time: 12.30 PM

Venue: Seminar Hall

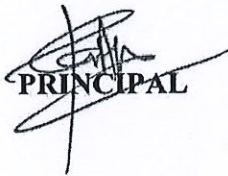

On January 23, 2024, Nazareth College of Arts and Science hosted a Faculty Development Program on Teachership in Higher Education, organized by the *Nazareth Centre for Development of Teaching and Learning*. The resource person of the event was Dr. Daniel Ezhilarasu, Regional Director for India, INCHE, Networking Christian Scholars and Institutions Worldwide. Nearly 70 faculties from various disciplines participated in the event. The program focused on essential aspects of effective teaching, emphasizing clear expression, passion, punctuality, discipline with empathy, and impactful communication. Educators were encouraged to embrace diversity of opinions, cultivate self-hood with humility, and view teaching as a form of leadership that inspires and influences students.

The resource person highlighted the importance of creating a positive impact on students' minds through expressions of love and genuine concern. They emphasized the need for educators to be passionate about their subjects, communicate effectively, and handle disciplinary issues with empathy. The program encouraged faculty members to commit to fostering a supportive learning environment, embracing diversity, and inspiring students to excel in their academic journey.

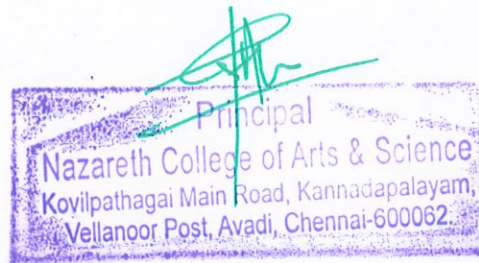

Overall, the Faculty Development Program underscored the transformative role of educators in shaping the future of higher education. By focusing on passion, effective communication, empathy, and leadership, faculty members can create an enriching learning experience for students and contribute significantly to the success of higher education institutions.

Academic Year 2023-2024

NCDTL: Faculty Development Programme on Effective Teaching and Learning

Date: 16.08.2023

Time: 2:00 PM

Venue: College Auditorium

The Faculty Development Program, 'Effective Teaching and Learning' was conducted on 16 August 2023 by Nazareth Centre for Development of Teaching and Learning. The resource person of the event was Dr. Gideon Sappor, Lecturer (Teaching) IOE – Learning & Leadership, UCL Institute of Education University College, London, United Kingdom. Nearly 70 faculties from various disciplines participated in the event. The program's aim was to equip educators with the necessary skills and strategies to effectively engage and support students of different backgrounds. To enhance faculty member's ability to create inclusive learning environments. Develop culturally sensitive teaching strategies. Encourage the exchange of best practices among educators.

Dr. Gideon shared his insights on the challenges he faced in his university and gave practical knowledge to overcome them. Participants engaged in discussions exploring real-life scenarios related to effective teaching skills. Interactive sessions focused on developing practical skills, such as active listening and effective communication. Educators were encouraged to share successful pedagogy to implement in their classrooms.

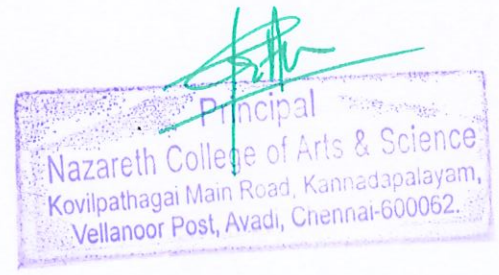

Participants developed a deeper understanding of diversity among students and their impact on learning. Educators became more attuned to recognizing and addressing academic language on BICS and CALP.

The FDP proved to be a valuable initiative in enhancing the art of teaching and leading students to a better society. By equipping faculty members with strategies to navigate the student's attention span and regenerate their potential. The program contributes to creating an inclusive and enriching educational experience for all students. Ongoing efforts in this direction will continue to bring values and decision-making skills to the student community.

NAZARETH CENTRE FOR ADMINISTRATIVE EXCELLENCE AND NAZARETH CENTRE FOR FACULTY EXCELLENCE

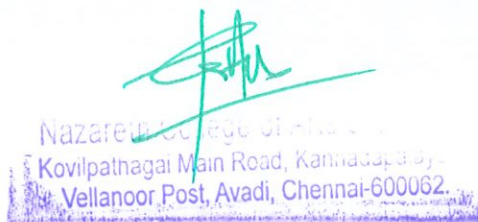

NCFE organized a "One-day Faculty Excellence Exposure" on 15th April 2023, at Hudson Resort for the faculties. The purpose of our participation was to promote and enhance the interpersonal relationships among the faculties and be relaxed from the routine.

The Faculty Exposure event commenced with a prayer song led by Mrs. Helen, the Head of the Department for Visual Communication, Mrs. Mano Ranjitham from the Department of Computer Science, Ms. Angel Monika representing the Department of Social Work, and Ms. Swaroopa, the Administrative Officer. A welcome drink was served, and all faculty members were provided with tags for identification.

Dr. A.T. Stephen, the Head of the Department for Business Administration, delivered a speech on "Embracing Work Ethic". Following him, Mr. Febin, Acting Head of the Department for Social Work, addressed the topic "Enhancing Faculty Presence in the Classroom". His insights focused on understanding students, crafting engaging classroom experiences, maintaining positive relationships with students, and showing respect. The session concluded with a brief story emphasizing the value of life.

Following the session, faculty members enjoyed activities such as swimming and a parasail ride before lunch. Post-lunch, there was a fun-filled session of singing and dancing.

The day concluded with a session by the Principal, Dr. Mary Angeline, who heads the Department of Social Work. Her session included an interactive activity and a speech on effective workplace conduct.

A Faculty Development Program was organized by IQAC on 21st January 2023 on the topic "Digital Literacy and SDG Awareness Workshop". In this Faculty Development Programme, various related sub-topics were discussed in detail by the eminent Secretary A.N Henry Maris and Ms Geetha CEO of Promo Square.

The FDP started with the prayer song. The dignitary was welcomed by Vice Principal Mano Ranjitham.E , Head of Computer Science. Faculties from all the departments took part in the program. The first technical session was on the topic of My Online tool in education and discussed the use of these tools in the research and classroom administration.

She also discussed the latest trends that are observed in the field of utilizing the tools to our advantage. The lecture was very beneficial and provided insight into the various challenges associated with being a teacher educator. There was an exchange of ideas on the issues concerning educational at online platform.

NAZARETH CENTRE FOR SKILL DEVELOPMENT (NCSD)
ACADEMIC YEAR 2023-2024
ANNUAL REPORT

The “Nazareth Centre for Skill Development” is an initiative taken by the college to provide adequate training in market-relevant skills to students. Events and programs are conducted by this cell to enhance the proficiency of students’ in building professional network. Learning new skills requires students to be willing to experiment. Students are given orientation and trained accordingly. During the academic year 2022-23 the following event was conducted.

Nazareth Centre for Skill Development organized a ‘Workshop on Jewelry making’. This workshop was organized on November 17, 2023 from 10:00 am onwards. The objective of the workshop was to train the students as entrepreneurs in jewelry making. A total of 35 students from various departments participated in the workshop. Ms. Geetha and Mr. Thomas, trainers from Pidilite Industries limited, a concern of Fevicryl, trained the students to make earring and pendant using mouldit clay. The students were provided with fevicryl materials for hands-on training on payment of Rs. 200 per student.

Learning Outcome:

Participants learnt new techniques in jewelry making. The students designed one set of jewelry of their own. The program was an eye opener for the students who want to become entrepreneur.

DEPARTMENT OF PHYSICAL EDUCATION

REPORT 2023-2024

The academic year 2023–2024 marked another milestone for Nazareth College of Arts and Science as our students excelled in various sports and games at inter-collegiate, state, national, and international levels. This report documents the outstanding achievements of our students and teams, their dedication, and the relentless efforts of the Department of Physical Education in nurturing their talents.

INTER-COLLEGIATE ACHIEVEMENTS

Women's Teams:

1. **Kabaddi:** Secured 3rd place in the Inter-Collegiate B-Zone Tournament.
2. **Hockey:**
 - Runners-up in the Inter-Collegiate B-Zone Tournament.
 - Secured 3rd place in the Inter-Zone Tournament.
3. **Kho-Kho:** Runners-up in the Inter-Collegiate B-Zone Tournament.
4. **Volleyball:**
 - Winners of the B-Zone Tournament.
 - Secured 2nd place in the Sports Fest-23.
5. **Handball:** Winners of the B-Zone Women's Handball Tournament.

Men's Teams:

1. **Handball:**
 - Winners of the Inter-Collegiate B-Zone Tournament.
 - Winners of the Inter-Zone Tournament.
2. **Hockey:**
 - Runners-up in the Inter-Collegiate B-Zone Tournament.
 - Secured 3rd place in the Inter-Zone Tournament.

3. **Football:**

- Runners-up in the B-Zone Tournament.
- Secured 3rd place in the Inter-Zone Tournament.

4. **Volleyball:**

- Runners-up in the B-Zone Tournament.
- Secured 2nd place in the Sports Fest-23.

5. **Kabaddi:** Secured 3rd place in the Inter-Collegiate B-Zone Tournament.

6. **Ball Badminton:** Secured 3rd place in the Inter-Collegiate B-Zone Tournament.

STATE-LEVEL ACHIEVEMENTS

Bodybuilding:

1. **A. Ebenezer (1st BCA):**

- Secured 3rd place in the State-Level Bodybuilding Championship at Jeppiaar University.
- Secured 2nd place in the **70kg Senior Men** and 3rd place in the **65kg Junior Men** categories in the District Bodybuilding Competition.

2. **V. Ajay (2nd BCA):** Participated and secured 10th place in the District Level Bodybuilding Championship.

Athletics:

1. **Subramaniyan G (1st BBA):**

- 1st place in 1500m and 3000m in the Thiruvallur District Junior Athletic Championship.
- Secured 1st place in the 10,000m and 2nd place in the 5000m at the **8th Chev. Dr. N.R. Dhanapalan Inter-Collegiate Athletic Meet.**

2. **M. Jothieswaran (2nd B.Com):** Achieved 2nd place in the 3000m U-20 category.

3. **K. Subith (1st B.Com):**

- 1st place in the 1500m and 2nd place in the 800m U-20 category in the Thiruvallur District Junior Athletic Championship.

Karate:

1. **S. Karthick (1st B.Com):**

- Won a Silver Medal in the JKS South Asia Karate Championship held in New Delhi.
- Secured 1st place in the National Invitational Open Karate Championship.

NATIONAL-LEVEL REPRESENTATION

Handball:

1. **Priyadharshini S (1st B.Sc CS):** Represented Tamil Nadu in the **52nd Senior Women's Handball Championship** held in Dadra and Nagar Haveli.
2. **Several students** represented Tamil Nadu in the **45th Junior Boys' and Girls' National Handball Championships** in Bihar.

Ball Badminton:

1. **Anish (1st B.Com):** Secured runners-up in the **68th Junior National Ball Badminton Championship** in Patna.
2. **A. Sameetha (1st B.Com):** Secured winners in the same championship.

Rugby:

1. **M. Pavithra (3rd BBA):** Represented Tamil Nadu in the Senior National Rugby Sevens Championship held in Pune.

Football:

- Participated in the University of Madras Men's Football Team Tournament at SRM University.

Blind Football:

1. **S. Sivaparvathi (1st B.Com):** Won the **1st Edition of the Indian Blind Football Super League**.

OTHER NOTABLE ACHIEVEMENTS

Sports Fest-23:

- Winners in Hockey (Men), Football (Men), and Volleyball (Women).
- Secured 2nd place in Volleyball (Men).

Marathons:

1. **TS3 Avadi Mini Marathon:**
 - **Subramanian G (1st BBA):** Secured 2nd place with a cash prize of ₹5000.
2. **Aringar Anna Marathon:** Various students secured top positions, including:
 - **Mohanavel Priyan (3rd B.Com):** Secured 1st place.
 - **James Vasanth (3rd B.A English):** Secured 2nd place with a cash prize of ₹3000.

Silambam:

1. **S. Lathika (1st B.A Eng):** Achieved 2nd and 3rd places in various categories at the Chengalpattu District Tournament.

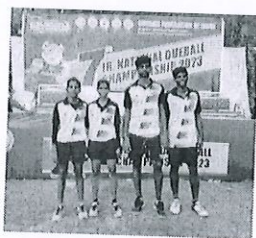

Chess:

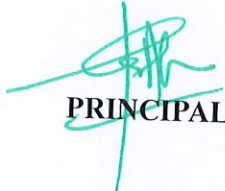

- Participated in the **17th State-Level Open Chess Tournament for the Visually Impaired.**

SUMMARY OF ACHIEVEMENTS

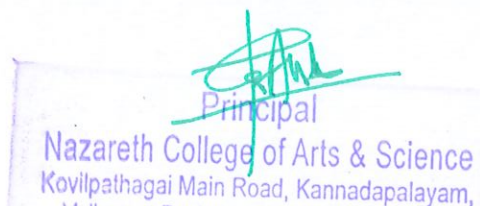

- **Total Medals Won:** Over 70 in various sports and events.
- **National Representation:** Over 15 students represented Tamil Nadu in state and national championships.
- **Team Championships:** Secured victories in more than 10 inter-collegiate and state-level tournaments.
- **State-Level Participation:** Students achieved top positions in athletics, bodybuilding, and team sport

The achievements of Nazareth College of Arts and Science students in the 2023–2024 academic year are a testament to their commitment, discipline, and passion for sports. These accomplishments reflect the college's dedication to fostering a culture of sportsmanship and excellence. The Department of Physical Education will continue to support and guide students to reach greater heights in the years to come.

Re-accredited By NAAC with B Grade

Nazareth college of arts and science had organized a financial literacy awareness program to transform our world through self-help groups, schools, and colleges to girls create financial awareness, which will generate confidence in the financially excluded sections of society to use financial services and products more effectively, bringing more people into the formal financial sector. With the assistance of Srujna Charitable Trust, Nazareth College is carrying out this activity in accordance with SDG 8.3. This trust activity is carried out in a Mumbai-based NGO that works on various initiatives for women's empowerment. One of Laxmi's key initiatives is Financial Literacy Awareness, which aims to ensure that every woman understands the fundamentals of financial knowledge. Experian is our estimated donor for this initiative.

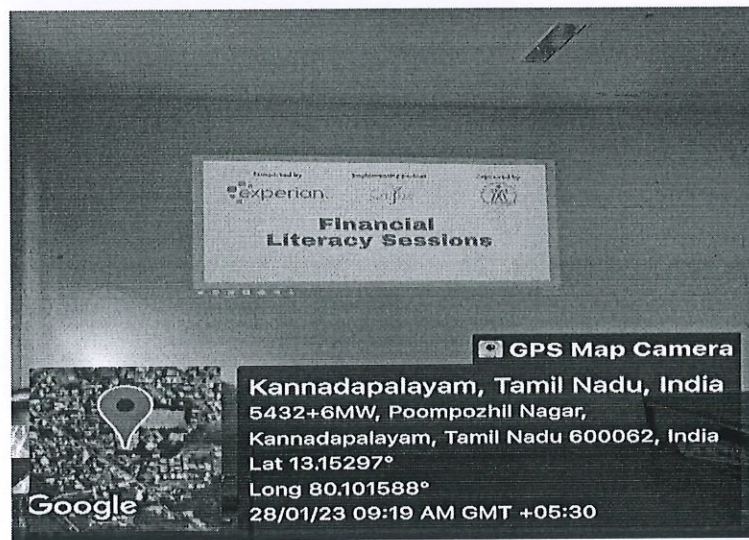

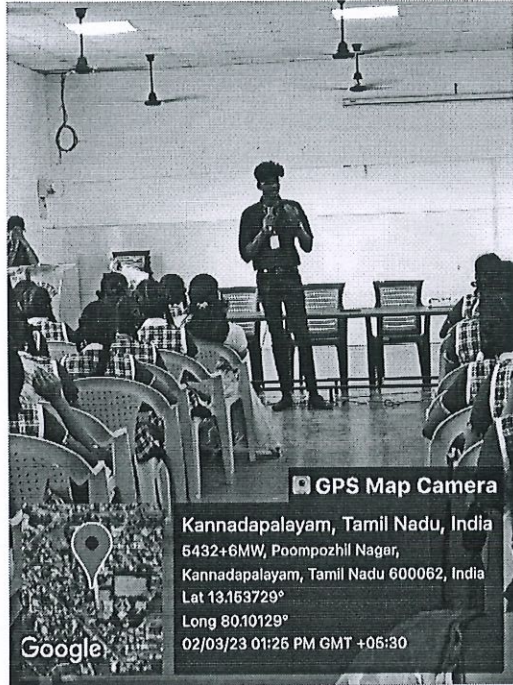

The objective of a financial literacy program is to educate and empower individuals with the knowledge and skills necessary to make informed and responsible financial decisions. This program aims to improve the financial well-being of participants by providing them with the tools and information they need to effectively manage their money, plan for the future, and achieve their financial goals

In the last two months, Nazareth College conducted various awareness programs for girls with the help of 15 trained students in Nazareth College of Arts and Science, Nazareth matric hr. sec school, and the Nazareth Academy, and the institutions still plan to do more programs in the community area and government school.

The financial literacy program had a significant impact on the participants, empowering them with essential knowledge and skills to make informed financial decisions. As a result, many individuals reported an increase in their savings and investment practices, leading to improved financial stability. The success of the program has also spurred interest in future financial education initiatives within the community.

DEPARTMENT OF COMPUTER APPLICATION
REPORT

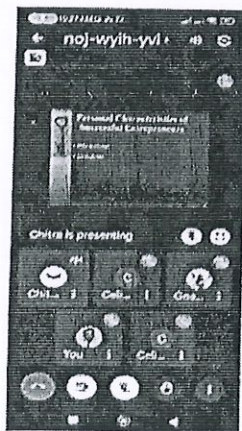

The objective of the program Opportunities for students & Faculties – Early stage Entrepreneurs to create an overview of product and commercializing the product on who the customer is and understanding the customer needs are given to our upcoming Entrepreneurs which can be told as the Incubation stage.

This program is organized on 19th September 2023. The resource person of the program was Mrs. A. Chitra, Assistant Professor, Department of Computer Application, DRBCCC Hindu College, and also a Co-Founder & CEO, One to One Consortium, Avadi, Chennai.

It is to implement and penetrate the opportunities of entrepreneurs among students at early stages. Three staff and fifty five students from various departments willingly participated in the session

The Resource person presented the place where the testing on the product with live customers comes in as well this is the place where we can identify the flaws on where to boost ourselves up. This pace gives much of a financial understanding of how much is needed and how much we can spend.

Learning Outcome: The participants gained overall findings and emphasized that Incubation is more into the diagnosis problem solving and innovation along with commercialization. Also, it is advised in the program to always go with the training and acceptance of rejection which helps to understand the market.

**POSTER PRESENTATION OF STARTUP
REPORT**

Objective: Showcase innovative ideas, receive feedback, and learn startup essentials.

No. of staff participation: 03

No. of student participation: 11 teams 22 students

Mode of the event : Offline

Date: August 29, 2023

Time: 10:30 AM -12:00 PM

The **Poster Presentation of Startup Competition** was held on August 29, 2023, which was a resounding success, showcasing the innovative potential of young minds in various entrepreneurial domains. The event brought together 11 teams of students, with 2 participants per team, who presented their groundbreaking startup ideas under the themes of Textile, Organic Products, Child Products, Health Products, and more.

The event commenced at 10:30 AM with a warm welcome and introduction to the competition's agenda. The participants were enthralled as Mr. Ajay Pradeep, a seasoned entrepreneur with extensive experience, was introduced as the esteemed judge for the day.

Mr. Pradeep's motivational speech, where he shared his entrepreneurial journey, set the tone for the day. His insights into the challenges and triumphs he faced resonated with the participants, inspiring them to pursue their own entrepreneurial dreams.

During the presentation sessions, Mr. Pradeep's engagement with each team was remarkable. He posed thought-provoking questions, encouraging participants to think critically about their business concepts. As the teams presented their ideas, he not only evaluated their concepts but also provided constructive feedback and valuable suggestions for improvement. His hands-on approach instilled a sense of learning and growth among the participants.

Nazareth College of Arts & Science

The Q&A sessions after each presentation were particularly enlightening. Mr. Pradeep's incisive questions spurred participants to delve deeper into their ideas, demonstrating their understanding of market dynamics, customer needs, and scalability. The students' responses showcased their research and preparation, reflecting their dedication to their startup concepts.

Mr. Pradeep's meticulous evaluation was reflected in the comprehensive score sheets he maintained. Each team's presentation, response to questions, feasibility, and innovation were systematically assessed. This ensured a fair and transparent evaluation process.

The program concluded with a vote of thanks, expressing gratitude to all participants, the judge, and the organizing team. However, the interaction did not end there. After the formal proceedings, students continued to approach Mr. Pradeep for further guidance on their startup development. His willingness to extend his support and insights post-event showcased his commitment to nurturing the next generation of entrepreneurs.

Learning Outcome Improved pitch, refined business plan, valuable networking, and practical entrepreneurial skills.

DEPARTMENT OF SOCIAL WORK

(An IQAC Initiative)

TOPIC- Exposure Visit to Village: Identify Real Life problems

REPORT

Objective of the program

- To have a fundamental comprehension of Meyyur Village.
- To become aware of the problems that the rural community faces.
- To take the lead and provide assistance in promoting sustainable agricultural and natural resource management.

Date and Time: 25-10-2023 / 10.30 a.m.

No. Of Staff and Student participants: 1 staff and 10 participants

Theme of the program is based on Innovation and Design Thinking

Content:

Meyyur is a village in the Thiruvallur District of Tamil Nadu State, India's Poondi Block. It is 13 KM north of the Tiruvallur district headquarters. Poondi is 7 kilometres away, thirty-five kilometres from Chennai, the state capital. When we arrived in Meyyur village at 11:30 a.m., the students were split up into two groups and given free reign to explore the hamlet.

The community has a population of between 2300 and 2800 people living in about 647 dwellings. The following lessons were acquired by the participants via their encounters with the villagers:

Nazareth College of Arts & Science
Kovilpathagai Main Road, Kannadapalayam,

OCCUPATIONAL ACTIVITY

- The majority of the villagers work in agriculture and similar fields; a small number of people are employed in construction, which frequently requires them to travel to different districts.
- Women look for daily pay work in addition to taking part in self-help group activities.

The participants discovered a number of urgent problems that need to be addressed after their conversations with the inhabitants and observations of the community. Meyyur lacks basic amenities like transportation, sanitary facilities, healthcare, and appropriate roads because of its distant position.

INFRASTRUCTURE:

The absence of emergency medical facilities in the village is worrisome because of its close proximity to wooded areas. Residents must travel about 10 miles to the hospital in the event of a snakebite. The circumstances in the current schools are inadequate; during our tour, we saw ongoing renovations in the elementary school. Students who wish to continue further education frequently feel demotivated due to the lack of educational institutions in the village. The village's insufficient sanitation facilities worsen the poor quality of life there.

CASTE:

Meyyur displays caste-based community segregation, just like many other Indian villages. Cheri, a remote location away from the main village where the backward community and general population dwell, is home to members of the scheduled caste and tribe. Because development initiatives and schemes generally benefit the main village, which is less accessible to them, the inhabitants of Scheduled caste and tribe are disproportionately affected by this separation.

TRANSPORTATION:

Without the proper road infrastructure, the village community faces challenges in getting to work and other activities during the wet season. The bus service is erratic, with only one or two buses running in the morning and evening.

Learning outcome of the programs:

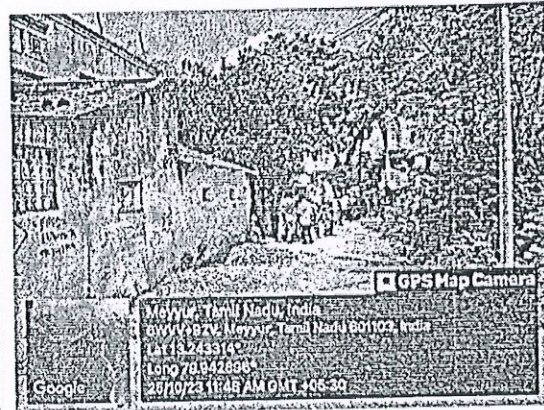

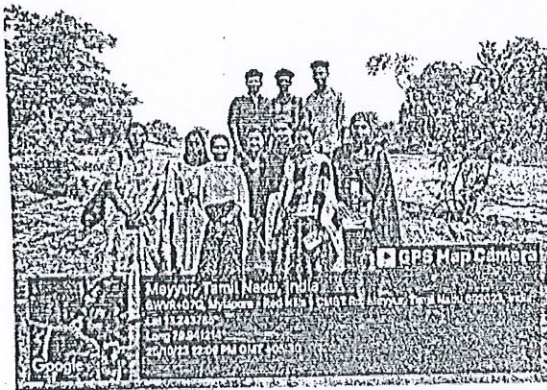

Our exposure to the village has provided us with a wealth of knowledge on the local way of life and the issues that the village community faces.

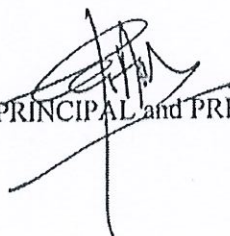

- Participants developed a greater comprehension of rural living and the difficulties the village community faces on a daily basis.

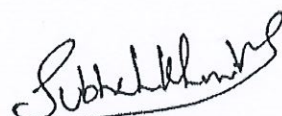

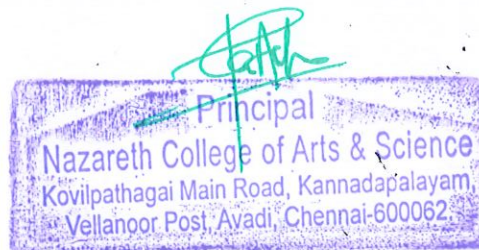

Principal
College of Art & Science

- participants got the chance to have meaningful interactions with villagers, boosting communication and cross-cultural learning;
- Participants gained empathy and a respect for the cultural diversity and customs of rural communities.
- It allowed participants to consider the effects of globalisation and urbanisation on rural communities.
- They gained knowledge about the socioeconomic circumstances in rural regions and the significance of community development.
- A sense of duty for social welfare and rural development was instilled in participants.
- These learning objectives gave participants in the Village visit a comprehensive educational experience while promoting social responsibility, cultural sensitivity, and personal development.

DEPARTMENT OF ENGLISH

An IQAC Initiative

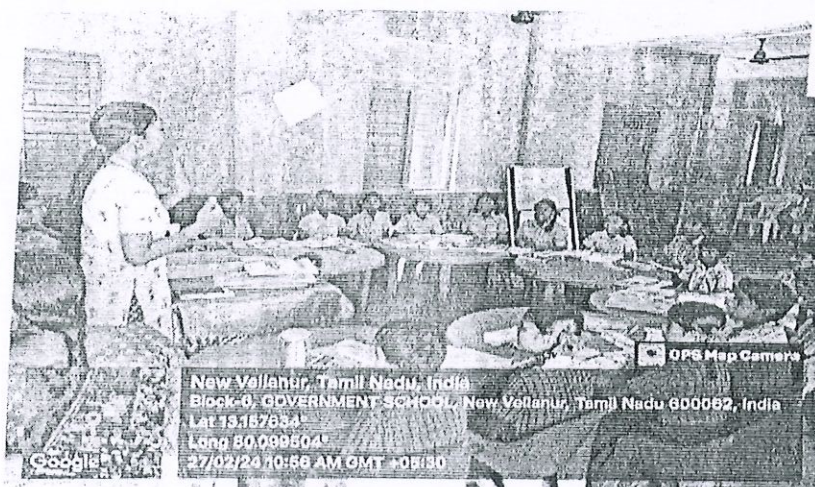

The Innovation and Entrepreneurship Outreach Program was organized by IIC in the academic year 2023-2024. The program was scheduled on the 27th of February. 2 faculties and 32 students of the English department participated in the Entrepreneurship Awareness among the students of New Vellanur Government School from 10 am onwards. To recognize the developing business startups the program enabled the students to share their knowledge in equipping the student's community.

The objective of the school outreach program for innovation and entrepreneurship development is to empower students with the knowledge, skills, and mindset necessary to identify opportunities, solve problems, and create value through innovation and entrepreneurship. By providing experiential learning opportunities, mentorship, and resources, the program aims to cultivate a culture of innovation, resilience, and creativity among students, preparing them to thrive in a rapidly changing world and contribute positively to society and the economy.

The program was designed to engage our students' in-service community activities by joining hands with the state government school, where they have the opportunity to interact with the school students and participate in this community-oriented program for the student community. These activities created awareness related to entrepreneurship and start-ups.

The outreach program enables to meet the students in the community to give them awareness, counseling, and direction in employment opportunities and current trends in small-scale entrepreneurship. Relying upon the development, the students of our college motivated and empowered the school students to explore their options and meet new challenges to work towards bettering their current life situations. Encouraging them and supporting them in sharing the knowledge to make a difference in their lives to uplift their social and economic status.

DEPARTMENT OF CORPORATE SECRETARYSHIP

Academic Year 2023-2024

REPORT

OBJECTIVE OF THE PROGRAMME: The primary objective of the workshop on Entrepreneurship Skill, Attitude, and Behaviour Development was to equip students with essential skills, foster a proactive entrepreneurial mindset, and cultivate behaviours crucial for success in the business world

No. of Staff Participation: 4

No. of Student Participation: 120

Mode of the Event: Offline

The Department of CORPORATE SECRETARYSHIP conducted an ICC EVENT on 29.01.2024 in the B.Ed Seminar hall in Nazareth College of Arts and Science from 10.00 A.M to 12.00 P.M. The program was Co-ordinated Dr.Sharmila Assistant Professor, Department of Corporate Secretaryship.

A total of 120 students participated in the event. The Resource person founder of Zero White Restaurant Mr. Seetharaman addressed the gathering. Mr. Seetharaman shared invaluable insights and practical knowledge to inspire and guide students on their entrepreneurial journey.

KEY TOPICS COVERED:

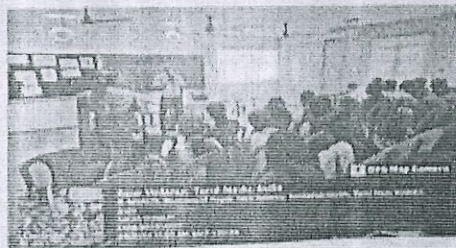

1. Entrepreneurship Skills: Mr. Seetharaman elucidated the key skills necessary for entrepreneurs, including leadership, communication, problem-solving, and adaptability.

2. Attitude Development: The workshop emphasized the significance of a positive and resilient attitude in overcoming challenges and seizing opportunities in the entrepreneurial landscape.

3. Behavioural Traits: Attendees gained insights into essential behavioural traits such as risk-taking, decision-making, and networking that contribute to entrepreneurial success.

OUTCOME OF THE EVENT:

The students gained a deeper understanding of the entrepreneurial ecosystem, including its challenges and rewards. Students honed their entrepreneurial skills, enabling them to navigate the dynamic business environment effectively. The workshop facilitated a positive shift in mindset, encouraging students to view challenges as opportunities and fostering a proactive entrepreneurial outlook.

REPORT

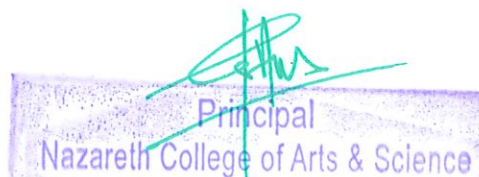

The Members of the Institution Innovation Council & Entrepreneurship Development and Innovation Institute organized a program in online session conducted by MoEs Innovation Cell "LEAN START-UP & MINIMUM VIABLE PRODUCT BOOT CAMP (OR) MENTORING SESSION" on 07th July 2023 2.00pm to 3.30pm. The session was conducted for final year students to understand the concept of entrepreneurship in its initial stage.

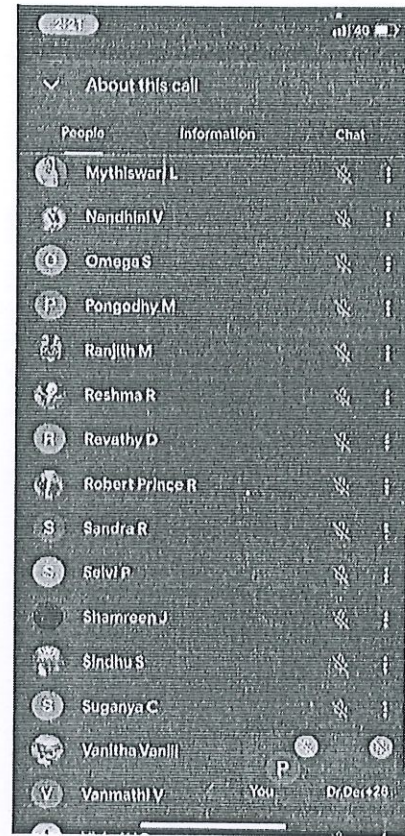

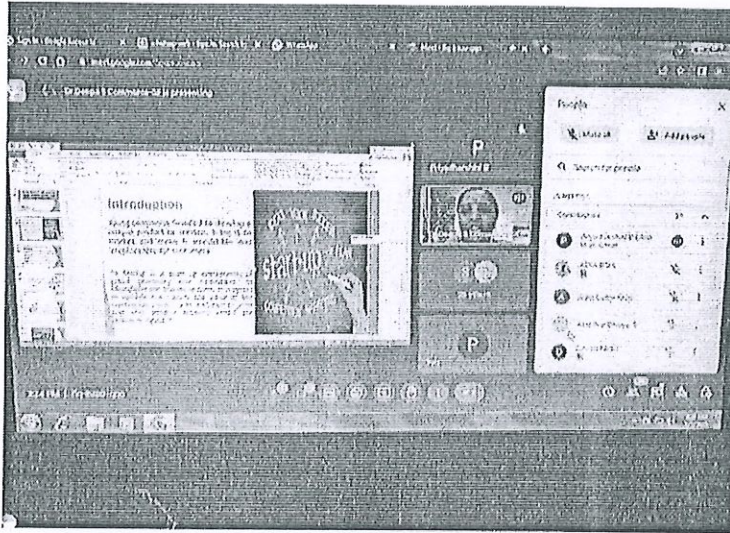

The speaker of the programme was Dr.S.DEEPA MCOM.,MPhil., MBA.,Ph.D. Asst Prof., Bishop Heber College (Autonomous), Tiruchirapalli-17. She briefly explained that a Lean start-up is a business venture that an entrepreneur launches in order to find, create, and validate a scalable business model.

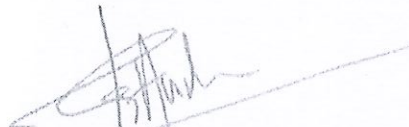

The Lean Start-up method teaches you how to drive a start-up-how to steer, when to turn, and when to persevere-and grow a business with maximum acceleration. It is a principled approach to new product development. MVP, is a product with enough features to attract early-adopter customers and validate a product idea early in the product development cycle. In industries such as software, the MVP can help the product team receive user feedback as quickly as possible to iterate and improve the product. It is the version of a new product that allows a team to collect the maximum amount of validated learning about customers with the least amount of effort.

The lesson's goal is to provide students a general understanding of how to create and test their business models and the session offer direction for entrepreneurs to enhance their knowledge of how to sustain their assets relating to their status and identity and strengthen their real-time skills.

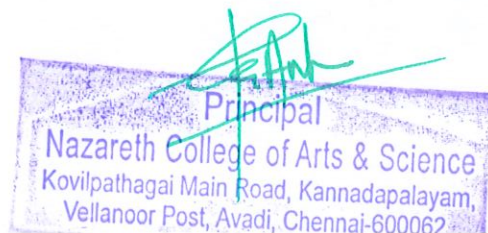

OUTCOME - Mentoring offers direction for entrepreneurs to enhance their knowledge of how to sustain their assets relating to their status and identity and strengthen their real-time skills.

Session on Angel Investors: Awareness about startup and support services

30/08/2023

The Department of Mathematics and IIC jointly organized a learning session on "Angel Investors: Awareness about startup and support services", through G-meet on 30/08/2023 from 6:00 pm to 7:00 pm. A total of 80 students attended the session. The objective of this session was to create an awareness of building startups from the scratch with the assistance of Angel investors. Dr. R. R. Celia, Assistant Professor, Department of Commerce, Saveetha College of Liberal Arts and Sciences, SIMATS, Thandalam, Chennai was invited as the resource person. During the session, she shared clear information about types of startups, steps to build a startup from the scratch, sources of startup financing and Angel investors. The session was lively and the students benefited from this session. The resource person cleared the doubts of the students at the end of the session. The session ended with a vote of thanks.

Learning outcomes

The students gained knowledge about the concept of startups, types of startups, sources of startup financing, Angel investors and Archangel investors.

SECRETARY, NCAS

MS. JAYANTHA
PRINCIPAL, NAZARETH HR.SEC SCHOOL

***PROJECT ON EMERGENCY RELIEF FOR FLOOD
AFFECTED FAMILIES IN BALASUBRAMANIAN NAGAR,
CHINNA MATHUR, THIRUVALLUVAR DISTRICT,
(TAMILNADU) INDIA***

Title of the Project	Emergency relief for flood affected families
Name of the applicant organization	NERF- Nazareth Emergency Relief Foundation
Address	Nazareth college of Arts and Science, Kovilpathagai, Avadi, Chennai- 62 (TamilNadu) India support@nerfindia.org 044-26380203
Contact Person	Mr. A.N. Henry Marris
Telephone/Contact no.	9841034627
Legal status of the organization	Registered- 185/2015
FCRA Details	-
Bank Information	
Staff strength	19
Full time	4
Part time	15
Project duration	Two weeks
Project area	Balasubramanian Nagar, Chinna Mathur, Manali, Thiruvalluvar Dist, Tamil Nadu
Target Group	Flood affected people
Total Cost of the Programme	10,00000.00 (INR)

Background of Organization:

Organization Genesis:

Vision:

Mission:

Area of Operation: NERF is working in Thiruvalluvar district of Tamil Nadu.

Aims and objective:

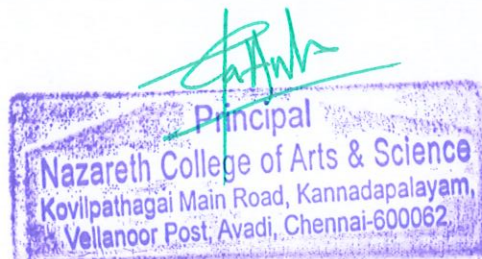

- ❖ *To relief work and rehabilitation work for the flood affected people*

Project proposal:

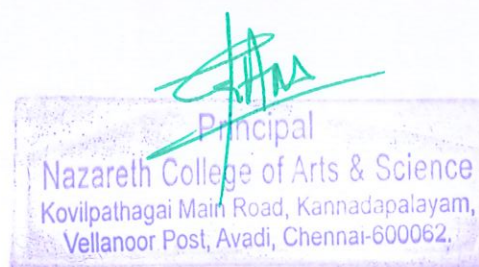

The Present Flood Condition:

From October to December each year, a very large area of South India, including Tamil Nadu, the coastal regions of Andhra Pradesh and the union territory of Puducherry, receives up to 30 percent of its annual rainfall from the northeast monsoon (or winter monsoon). Unlike during the regular monsoon, rainfall during the northeast monsoon is sporadic, but typically far exceeds the amount produced by the regular monsoon by up to 130 percent. This excessive rainfall can be exacerbated by an El Nino year, which 2015 is. In addition, unplanned and often illegal urban development has led to many wetlands and natural sinks being built over; this, along with ageing civic infrastructure and poorly designed drainage systems, has resulted in an increased frequency of heavy flooding. The flooding in these districts was described as the worst in a century and More than 300 people were killed and thousands displaced.

Chennai and neighbouring districts such as Thiruvallur and Kancheepuram were vastly affected by rains that broke all previous records in the months of November and December 2015. This further triggered a huge surge in all the rivers that run through these districts. Large areas were inundated by these floods. The puzhal reservoir is located here and the Arani, Koom and other rivers run through this block.

Rationality/Justification of project:

Balasubramaniam Nagar is a small colony in Chinna Mathur village of the Manali block. The village is located along madhavaram ring road. The deluge has washed away all their belongings- Houses, utensils, grains and other things. People are taking shelter at high embankment to save their lives and they are facing problems of shelter, safe drinking water, medical care, food, and hygienic.

Most of the people who live in the village are schedule caste and religious minorities. Given their general poverty they depend heavily on the daily wage from nearby land owners as well as the MGNREGA programmes of the government. Both of these have been cut off during the recent rains. Immediate relief work by us will be extremely useful. The village has about 250 families. The total population of the village is about 700. We intend to supply relief items to all the 250 families. We have discussed our proposed relief work with the people in the village and they are very supportive of the effort and are desperately looking forward to the same.

Project Objectives:

Primary Objectives:

- To provide emergency relief to the flood affected people

Secondary Objectives:

- To provide shelter to the victims
- To conduct medical camp
- To provide basic needs to meet their livelihood
- To rehabilitate the flood affected people

ACTION MEASURES

NERF plan for following works for the affected people to minimize hardship situation arises due to devastation of flood. The proposed area is:

Sl. No.	Name of district	Name if block	Name of Panchayats	Name of the Place
1.	Thiruvalluvar	Manali	Chinna Mathur	Balasubramaniam Nagar

Activities: NERF proposed to take up the following activities:

Activities:

Construction of 5 shelters to the flood victims by ensuring their participations.

NERF Rehabilitation Strategy: survey was carried out by NERF from 15th to 17th December, from the flood affected victims to identify basic needs and damage of houses due to flood. On the basis of survey beneficiaries will be selected for construction of shelter and needed relief materials.

Method for administering relief: The proposed materials would be purchased and distributed by NERF with the help of local community people.

BUDGET

BUDGET

Sl.no	Particulars	Amount in Rs.
1.	Estimated Cost of shelter construction per unit (20000)	
	Cost of construction 5 shelter = 20000x5	100000
2.	Gas stove - 1100x250	2,75000
3.	Torch light - 120x250	30,000
4.	Foot wear - 100x750	75,000
5.	Fan - 1000x250	2,50,000
6.	Mosquito repellent - 80x250	20,000

7	Utensils - 500x250	1,25,000
8	Clothes - 200x250	50,000
9	Labour/Transport/Conveyance	25,000,
	TOTAL	9,50,000

(Rupees Nine lakhs fifty thousand only)

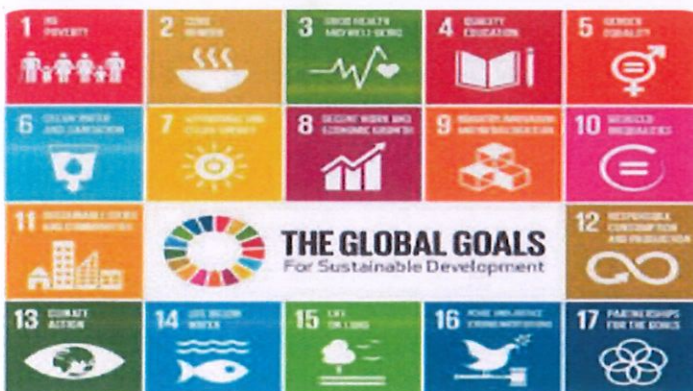

Conclusion:

As reported, the calamity is much larger than expected; this is why the required material are not reaching to its destination due to communication hindrances in the affected area. Further, the recent floods have brought untold miseries to the people residing in the flood affected districts. More than thousand domestic cattle have been washed away and adding further aggravating in unhygienic conditions to these areas due to stink and filth. This could pose a serious threat to the lives of human being in these areas.

ABOUT THE UNAI HUB@ NAZARETH

SDG@NAZARETH

SDG@Nazareth : Empowering Communities for a Sustainable Future

Nazareth College of Arts and Science has been committed to integrating the Sustainable Development Goals (SDGs) into its community engagement programs, research, and campus activities. Through a variety of initiatives, the college works towards creating meaningful social impact and promoting sustainability across different sectors. Below is an overview of the college's community outreach initiatives aligned with the SDGs. The various community engagement programs at Nazareth College exemplify the institution's commitment to advancing the Sustainable Development Goals. By aligning academic and extracurricular initiatives with these global goals, Nazareth empowers students, faculty, and the surrounding community to actively contribute to a sustainable, just, and equitable future for all. Through hands-on projects, awareness campaigns, and partnerships, the college continues to be a key player in promoting environmental stewardship, social equity, and sustainable development.

INSTITUTIONAL INITIATIVES & PROJECTS

1. Let there be Light Project

Solar streetlights are raised light sources which are powered by solar panels generally mounted on the lighting structure or integrated into the pole itself. The solar panels charge a rechargeable battery, which powers a LED lamp during the night. Arikambattu one of the UBA adopted village has a hamlet of Irular Tribal families who shared their need for electricity from nearby houses. Based on the survey the UBA approached donors to provide light to the community. Habitat India Delhi with the help of donors provided 45 streetlamps and 45 batteries that can be used to for fan and 1 chargeable light to give them light.

TOTAL BENEFICIARIES REACHED: Awareness provided to 45 Irular families on Solar energy tapping and benefits and maintenance of the unit.

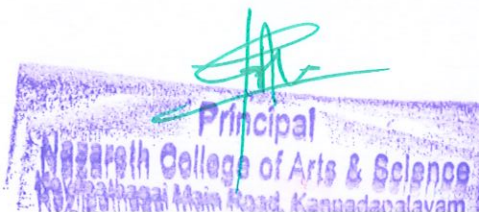

2. Potable Clean Water:

Clean water is one of the few things in life that never fails to live up to expectations. Clean water changes almost everything. Having clean water and sanitation means being able to avoid exposure to countless diseases. Every year, millions of people die from diseases caused by inadequate water supply, sanitation, and hygiene. Based on the survey and the need of the community the UBA team approached World Vision India for water filters. World vision donated nonelectric water filters to the households in Meyyur village.

TOTAL BENEFICIARIES REACHED:

Awareness provided to 950 STUDENTS on Clean water 85 households.

3. Sustainable Sanitation- Connecting communities:

The few households in the village population of Meyyur lack access to proper sanitation. People must often use open air, unhygienic shared toilets. Based on the survey and the need of the community the UBA team approached Habitat India for Bio Toilets for the community to

solve open defecation. Education has been an essential part of the effort too. Bank of America constructed bio toilets to households in Meyyur village.

TOTAL BENEFICIARIES REACHED: Awareness provided to 950 STUDENTS on Clean water 85 households.

4. Cyber Security Awareness Program:

The Department of Computer Science, orchestrated an engaging event titled "Workshop on Cyber security." The objective of the event was to educate students, staff members, and external participants about the

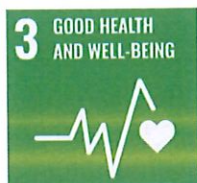

fundamental principles of cybersecurity and equip them with the knowledge and skills necessary to protect themselves and their organizations from cyber threats. They covered fundamental concepts such as cyber-attacks, hacking, cybersecurity measures, and the role of ethical hackers. The participants felt empowered to apply the acquired knowledge and skills to protect themselves, their devices, and their organizations from cyber threats effectively.

TOTAL BENEFICIARIES REACHED: Awareness provided to 540 school students and staff of neighbouring schools.

5. AWARENESS PROGRAMME ON MENSTRUAL HYGIENE:

The college through SDG@ Nazareth Joined hands with Surjana charitable trust and initiated a project on Sanitary Napkin – Reusable pads. 15 girls students from Commerce Department were trained as Master trainers to spread awareness on Menstrual hygiene in the adopted villages of Unnath Bharath Abhiyan and the adolescent school children of Nazareth Schools.

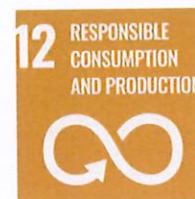

TOTAL BENEFICIARIES REACHED: 1200 STUDENTS 75 self-help group women 330 women in the UBA ADOPTED village community.

https://www.youtube.com/watch?v=J5VuavXy_cA&t=2s

6. Title of the Practice: STEW program

The STEW program which stands for “STOP throwing E-waste” is an initiative led by the Department of Computer Science at Nazareth college (The STEW program includes E-waste Awareness, E-waste drop-off and E-waste Disposal as three levels of practice.

The college has partnered with schools for awareness, E-waste recycling units for Disposal. This signifies a commitment to responsibly manage electronic waste, further enhancing the program impact and sustainability thereby following responsible environmental practices. The students of

Computer Science were given awareness on E-waste and E-Waste ambassadors were selected to spread awareness through the STEW-Program to neighbouring schools. This initiative also aims to reduce E-waste through prevention, reduction, recycling and reuse. The Schools in Kovilpathagai were given awareness about E-Waste and informed the E-waste Drop off program and were encouraged to participate. The staffs and

students of the college also encouraged to drop off E-waste at a designated box in the lobby. The collected E-waste from schools and colleges was sold to a E-waste recycling company. The company pays for the E-waste and also gives E-certificate to the institution.

TOTAL BENEFICIARIES REACHED:

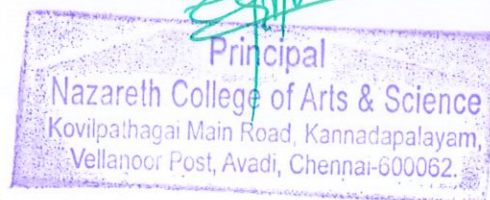

1143 students benefited, 12 items weighing is 369 kg was collected and disposed at SKV E-waste Recycling Private Limited.

7. A Ray of Hope- Best Practice -Dementia Awareness - Social Work Department

To perform art forms in communities in creatively depicting the ways to assess the clinical condition of dementia and spreading awareness on the impact dementia. By integrating artistic expression and student involvement within the framework of Ray of Hope as an institution, the awareness campaign becomes a dynamic and comprehensive initiative. It imparted clinical knowledge through art and also harnessed the institution's educational and organizational capabilities to create lasting impact on dementia awareness in rural areas. There was active participation of community members in the awareness event, leading to increased engagement, attendance, and interaction with the information presented. This involvement sets the foundation for a receptive audience open to learning about dementia.

TOTAL BENEFICIARIES REACHED: 100 viewers in the community at Kannadapalayam

INSTITUTIONAL EVENTS

1. AWARENESS ON FINANCIAL LITERACY

The college organized a financial literacy awareness programme to transform our world through self-help groups, schools, Self Help groups and colleges to girls create financial awareness, which will generate confidence in the financially excluded sections of society to use financial services and products more effectively, bringing more people into the formal financial sector. With the assistance of Srujna Charitable Trust, Nazareth College is carrying out this activity in accordance with SDG 8.3. This trust activity is carried out in a Mumbai based NGO that works on various initiatives for women's empowerment. One of Laxmi's key initiatives is Financial Literacy Awareness, which aims to ensure that every woman understands the fundamentals of financial knowledge. Experian is our estimated donor for this initiative. In the last two months, Nazareth College conducted various awareness programmes for girls with the help of 15 trained students in Nazareth College of Arts and Science, Nazareth matric hr. sec school, and the Nazareth Academy, and the institutions still plan to do more programmes in the community area and government school.

TOTAL BENEFICIARIES REACHED: 1700 STUDENTS 75 self-help group women 330 women in the UBA ADOPTED village community.

2. RANGE OVER 2023 - ENVISION 2030 WITH SDG

Ranger Over 2023 was two days inter – collegiate cultural event, which was organised by Department of Social Work and SEEDS Association of Nazareth College of Arts and Sciences on 17th and 18th March 2023. This inter – collegiate was an attempt to rove through the Sustainable Development Goals with various competitions envisioning 2030.

The day 1 program was held at Arikampatu Panchayat Union Primary School (Arikampatu was an adopted village of Nazareth Institution). The day 2 programmes were held at the NCAS auditorium. Students from Patrician College of Arts and Science, Anna Adarsh College for Women,

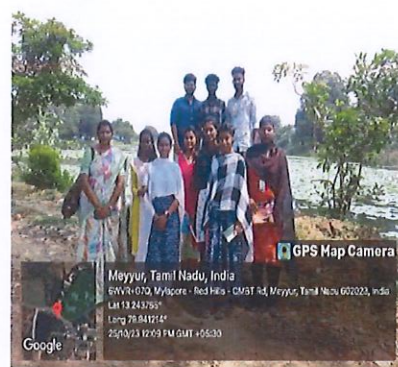

Hindu college and Mar Gregorios College participated in various events. The Day 2 competitions were group dance, solo singing, mime, connection, quiz, and ramp walk.

3. Training on Identification of Flora at College Campus:

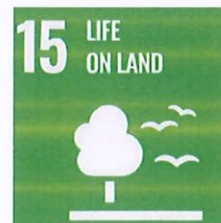

"Training on Identification of Flora at College Campus." Hosted by the Nazareth Emergency Relief & Rehab Foundation (NERF), the event

aimed to equip students of the ECO Club with the skills to identify various plant species within the college campus. With the help of the Plant Net app, a powerful tool for plant identification, students were taught how to effectively use the app to identify different plant species by simply capturing photos of leaves, flowers, or fruits. This hands-on approach not only made the learning process engaging but also empowered students to contribute to biodiversity documentation efforts in their surroundings. By empowering students with the skills to identify and appreciate local flora, the Eco Club's initiative takes a significant step towards achieving SDGs 4 (Quality Education) and 15 (Life on Land), fostering a generation of environmentally conscious individuals poised to make a positive impact on the world.

4. WORLD AFFORESTATION DAY: MOVIE SCREENING ON THE IMPORTANCE OF WILDLIFE

World Afforestation Day, was marked by a significant event organized by the 37 social work students. In an effort to raise awareness about the importance of afforestation and its connection to wildlife conservation, the students hosted a movie screening, highlighting the crucial role of forests in supporting biodiversity.

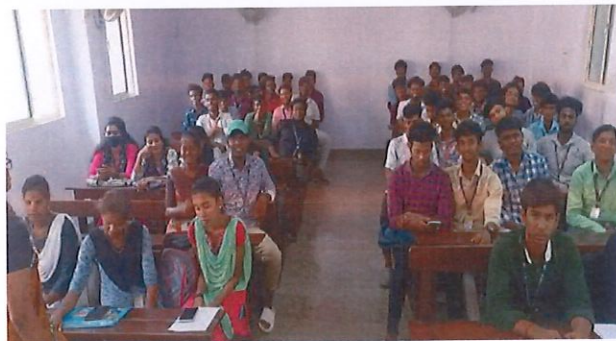

The event took place at Seminar Hall, where students, faculty, and interested community members gathered to participate in the enlightening experience. The primary focus of the occasion was to emphasize the symbiotic relationship between afforestation and wildlife conservation, underscoring the critical role forests play in maintaining ecological balance.

The centrepiece of the event was a thought-provoking documentary titled "Harmony in Green: Sustaining Life through Afforestation." The documentary, curated by environmental experts, delved into the intricate connection between afforestation efforts and the preservation of diverse wildlife species. Through breath-taking visuals and insightful narratives, the film highlighted the consequences of deforestation and the positive impact of afforestation initiatives worldwide.

The organizers incorporated interactive sessions, allowing attendees to actively participate in discussions, ask questions, and share their perspectives. These sessions facilitated a sense of community engagement and inspired attendees to consider their individual roles in promoting afforestation and wildlife conservation.

The World Afforestation Day event left a lasting impact on the participants, fostering a greater appreciation for the interconnectedness of ecosystems and the role afforestation plays in mitigating climate change. Inspired by the success of this event, the BSW students expressed their commitment to organizing more initiatives that promote environmental stewardship and sustainable practices.

The World Afforestation Day event organized by students on October 7th, 2023, was a resounding success. By combining education, awareness, and community engagement, the event contributed to the on-going global conversation about the importance of afforestation in preserving wildlife and ensuring a sustainable future for generations to come. The BSW students demonstrated their dedication to social and environmental causes, leaving a positive mark on the campus and inspiring others to take an active role in environmental conservation.

5. AWARENESS ON ENERGY CONSERVATION

Theme of the program is aligned with Innovation and design Thinking. The program had a dual objective: firstly, to gauge the awareness levels on energy conservation among students through a survey, and secondly, to involve students in creating awareness within the community by producing educational videos.

Around 50 students participated in the survey and around 40 students along with 5 staff members

and Ambattur. A survey through google forms was collected among students to assess their current understanding and awareness levels regarding energy conservation. Survey questions focused on energy-saving practices, knowledge about energy-efficient technologies, and attitudes towards sustainable energy use.

The second focus engaged students in a video creation session where they collaboratively produced educational videos on energy conservation. Topics included the importance of energy conservation, practical tips for saving energy at home in daily life, and the impact of individual efforts on the environment.

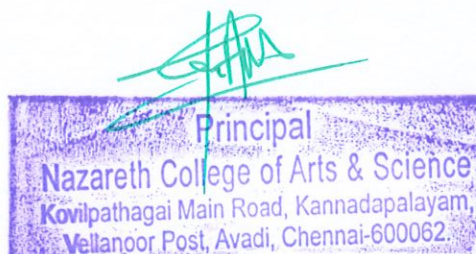

and

Identified existing knowledge gaps and misconceptions about energy conservation among the student participants. Provided a baseline understanding, allowing for the development of targeted educational initiatives. Students demonstrated creativity and innovation in producing informative videos on energy conservation. The videos covered key aspects of energy-saving practices, reaching out to the wider community.

Overall Impact:

Participants gained a heightened awareness of energy conservation principles. The community-focused video creation fostered a sense of responsibility among students, positioning them as influencers within their communities. The program's success is reflected in the active participation of students, the creation of impactful content, and the potential for sustained awareness within both the student body and the broader community.

This training educated the students on income, Budget, Saving, Investment, Inflation, Retirement, Insurance Health, and Life. A total of 15 students participated and benefited from this training.

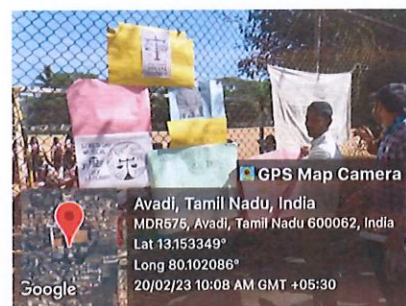

6. WORLD DAY OF SOCIAL JUSTICE

THEME: Overcoming Barriers and Unleashing the Opportunities of Social Justice

On account of the World Day of Social

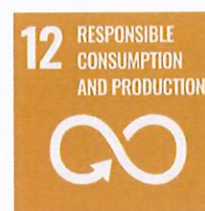

Justice, Seeds association organized a signature campaign. Students from department of social work presented their chart works near the assembly ground to raise awareness on social justice. The audiences were given an orientation through the intercom by Ms. Agnes Johanna, II MSW. Students from various Departments participated and shown their support by signing the social justice banner.

7. SAY NO TO PLASTIC-DOOR TO DOOR AWARENESS

The students of National Service Scheme made a door-to-door visit to the households surrounding the college to emphasize the use of eco-friendly

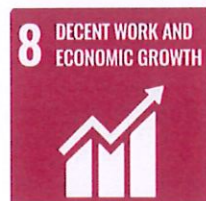

materials and say no to plastic. The Objective of the event is to clean and say no to using and throwing plastic to the surroundings. Students gave details about the plastic waste management to the public, and encouraged public to stop using the plastic bags and start using to eco-friendly bags for their daily usage.

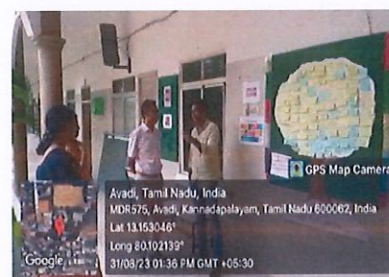

8. GLOBAL SDGWEEK CELEBRATION-2023

EVENT 1 : Signature Campaign

On August 31st, 2023, a noteworthy event took place as the team successfully organized a Signature Campaign with a specific

focus on a thought-provoking question: "What do you consider as a Safe and Comfortable working environment?" This campaign aimed to stimulate thoughtful responses and discussions among the staff and students of a college community.

The event took place in the College Lobby, serving as a central gathering point for this initiative. It managed to bring together a diverse group of passionate and socially conscious college students, all eager to engage in meaningful conversations and contribute their perspectives to a collective "Tree

EVENT 2: Essay Writing Competition

TOPIC: Exploitation of women and girls in society

Eliminate all forms of violence against all women and girls in public and private spheres, including trafficking and sexual and other types of exploitation SDG

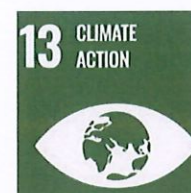

Global Week is a momentous annual event observed from 15th September to 24th September 2023, dedicated to advancing the United Nations Sustainable Development Goals (SDGs). It brings together diverse stakeholders, including governments, organizations, activists, and individuals, from across the world. During this week-long event, various activities were organized to promote awareness and action towards achieving the SDGs. Participants collaborated, shared ideas, and engaged in impactful events that addressed critical global challenges such as poverty, inequality, climate change, and more. SDG Global Week served as a powerful catalyst for mobilizing collective efforts to create a more sustainable and equitable future for all.

TOTAL BENEFICIARIES REACHED: Approximately 150 students from Nazareth Schools and College actively engaged in the event, displaying their commitment to addressing this crucial societal concern.

EVENT 3: HAND STAMP

TOPIC: Climate Change

During this week-long event, various activities were organized to promote awareness and action towards achieving the SDGs. Participants collaborated, shared ideas, and engaged in impactful events that addressed critical global challenges such as poverty, inequality, climate change, and more. SDG Global Week served as a powerful catalyst for mobilizing collective efforts to create a more sustainable and equitable future for all.

TOTAL BENEFICIARIES REACHED:

Our event saw active participation from about 100 college students, all of whom demonstrated a keen interest in addressing the climate crisis. Participants actively engaged in creating unique hand stamps that featured climate change messages and symbols. These stamps were designed to serve as conversation starters and to raise awareness within the community.

EVENT 4: ONLINE POLL

TOPIC: Exploitation of women and girls in society

The online poll on the topic of Violence Against Women which served as a significant step towards addressing and understanding a pressing societal issue.

Violence against women is a global problem that affects millions of lives, and it is crucial to gauge public awareness and opinions on this matter. This event provided a platform for the public to voice their thoughts, contributing to the ongoing dialogue surrounding gender-based violence. The Online poll was conducted through the official Instagram Page of the Nazareth arts college via a google form being posted in the page on the day of the event. It not only raised awareness but also engaged the public in a crucial dialogue about a topic that demands our collective attention and action. The public actively participated in the poll expressing their experiences and thoughts. Where from the poll it is observed that most of the women have faced violence or have come across women facing violence. The respondents when asked on the actions that can prevent violence against women, have voted educating themselves and other around them.

TOTAL BENEFICIARIES REACHED: 35 students participated in the event.

EVENT 5 : SLOGAN WRITING COMPETITION

TOPIC: Eradicate poverty in the society

The online slogan writing on the topic of Eradicate poverty in the society served as a significant step towards addressing and understanding a pressing societal issue. Poverty is a global problem that affects millions of lives, and it is crucial to gauge public awareness and opinions on this matter. This event provided a platform for the public to voice their thoughts, contributing to the ongoing dialogue on this topic. The slogan writing was conducted through the official Instagram Page of the Nazareth arts college via a google form being posted in the page on the day of the event. It not only raised awareness but also engaged the public in a crucial dialogue about a topic that demands our collective attention and action.

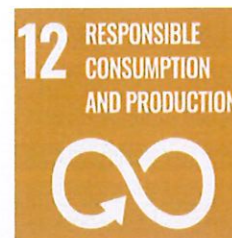

TOTAL BENEFICIARIES REACHED: 20 students participated in the event.

EVENT 6: MODEL EXHIBITION

TOPIC: Substantially reduce Waste

The Model Exhibition on the theme of Substantially Reducing Waste Generation proved to be a thought-provoking and inspiring event. Held in Seminar Hall on 19 th September 2023, the exhibition was a platform for students to showcase their innovative and sustainable models, emphasizing the importance of waste reduction in our society. The event addressed a critical global issue - waste generation. With the world facing environmental challenges, it is essential to educate and engage students in sustainable practices. The exhibition highlighted the significance of waste reduction and encouraged creative solutions.

TOTAL BENEFICIARIES REACHED: 20 teams of from Nazareth schools and college participated. Close to 800 students visited the exhibition.

EVENT 7: PAINTING COMPETITION

TOPIC: Protect Life below Water

The painting competition on Protecting Life Below Water holds immense importance in today's world, given the growing environmental challenges our planet faces. The event served as a creative platform for students from schools and colleges to express their concerns and ideas regarding the preservation of aquatic ecosystems. With marine life under constant threat from pollution, overfishing, and climate change, it is imperative that we raise awareness and inspire action to safeguard these critical ecosystems. This event provides a unique opportunity for young minds to engage with environmental issues and encourages them to think critically about the importance of marine life conservation. Through their artwork, participants conveyed powerful messages about the interconnectedness of all life on Earth and the consequences of neglecting our oceans, rivers, and lakes.

TOTAL BENEFICIARIES REACHED: 90 students from the school benefitted.

EVENT 8 : COMMUNITY OUTREACH PROGRAMME

TOPIC: End Open Defecation- VENUE: Athirampedu Village

The Community Outreach Programme with the aim to end open defecation through a thought-provoking play emerged as a crucial endeavor in addressing a pressing sanitation issue. Open defecation is a significant public health concern, particularly in rural areas, where access to proper sanitation facilities is limited. The event served as a means to raise awareness, educate, and inspire change within the community. The need for this event was evident in the health and well-being of the villagers. Open defecation not only leads to contamination of water sources and the spread of diseases but also violates the dignity and privacy of individuals. By choosing this topic and employing a play as a medium, the event aimed to convey the importance of adopting proper sanitation practices and building toilets in a manner that resonated with the community. The students' involvement in the outreach program added a layer of youth-driven enthusiasm and dynamism to the initiative. Their presence not only symbolized the younger generations' commitment to societal change but also fostered a sense of collective responsibility for community development.

TOTAL BENEFICIARIES REACHED: The full village with 1500 residents benefitted from this event.

EVENT 9: SEMINAR

TOPIC: Prevention and Treatment of Substance Abuse

The seminar on Prevention and Treatment of Substance Abuse played a pivotal role in addressing a pressing issue that affects individuals, families, and communities worldwide. Substance abuse has far-reaching consequences, including physical and mental health problems, social isolation, and a negative impact on academic and professional pursuits. Therefore, this event was of paramount importance in creating awareness and equipping students with the knowledge and tools to combat this menace. The guest speaker's presentation on different types of drugs and their effects was particularly enlightening.

TOTAL BENEFICIARIES REACHED: 500 students from the college benefitted.

EVENT 10: PHOTOGRAPHY AND POSTER MAKING

TOPIC: Empowered Women, Empower Women

The photography and poster making event on Empowered Women Empower Women holds significant importance in promoting gender equality, women's empowerment, and social awareness. In today's world, the need for gender equity and the recognition of women's contributions to society is undeniable. This event serves as a powerful platform for participants to express their thoughts, creativity, and support for the cause. One of the key reasons for organizing this event is to highlight the crucial role that women play in all aspects of life, from education and business to politics and culture. Empowered women not only transform their own lives but also uplift their communities and inspire future generations. This event encourages participants to capture through photography and poster making the strength, resilience, and achievements of women from diverse backgrounds.

TOTAL BENEFICIARIES REACHED: 40 participants contributed photographs and posters

EVENT 11: HUNGER FREE DAY

TOPIC: Give What You Can!

The Hunger Free Day event with the theme Give What You Can was organized with the utmost importance and need to address the pressing issue of hunger and food insecurity in our community. In a world where food wastage coexists with hunger, this event served as a reminder of our collective responsibility to support those in need and promote the values of compassion and solidarity. The event aimed to raise awareness about hunger and inspire action at the individual level. By encouraging the public to donate any food they could spare to the needy, it facilitated a direct and immediate impact on the lives of less fortunate individuals. The theme Give What You Can concept allowed everyone to contribute according to their means, making it an inclusive and accessible initiative. The use of Instagram as a platform for sharing these acts of kindness had a twofold purpose. Firstly, it amplified the events reach, allowing people to inspire others and create a ripple effect of generosity. Secondly, it fostered a sense of community and togetherness by bringing people together on a digital platform to collectively combat hunger.

TOTAL BENEFICIARIES REACHED: Approximately 80 people were benefitted.

EVENT 12: Street Play

TOPIC: International Day of Awareness of Food lost and Waste

International Day of Awareness of Food lost and Waste was commemorated by performing a street play on Reduce Food Waste through simple steps like planning meals, storing food properly, and sharing surplus, redistribute Excess Food by emphasizing community-driven initiatives like food banks and Respect Resources by highlighting the resources involved in food production and the need for mindful consumption. Through the Street play the message was engaging, and impactful, leaving the student audience with a deeper understanding of their role in reducing food loss and waste.

TOTAL BENEFICIARIES REACHED: All the 1800 students of the college benefitted.

9. Art & Craft Workshop

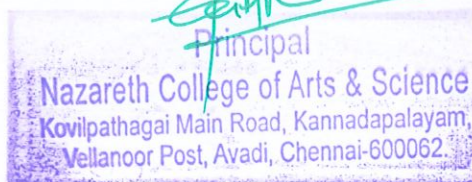

The Nazareth Centre for Skill Development has organized an 'Art & Craft Workshop' on Jewelry making. The objective of the workshop was to train the students as entrepreneurs in jewelry making. Ms. Geetha and Mr.

Thomas, trainers from Pidilite Industries limited, a concern of Fevicryl trained the students to make earring and necklace using mould it clay. Participants learnt new techniques in jewelry making. The students designed one set of jewelry of their own. The program was an eye opener for the students who want to become entrepreneur.

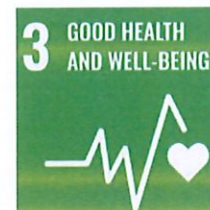

TOTAL BENEFICIARIES REACHED: A total of 40 students from various departments participated in the workshop.

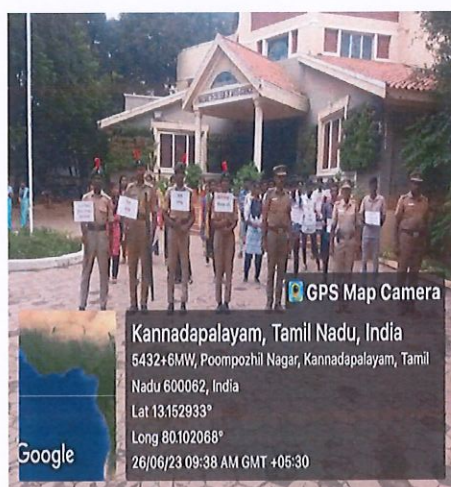

10. DRUG AWARENESS

The primary objective of this event is to create a drug awareness to the people by conducting rally, speech and pledge on International drugs day. National cadet corps conducted drug awareness program on the occasion of **INTERNATIONAL DRUGS DAY** inside the campus of Nazareth college of arts and science.

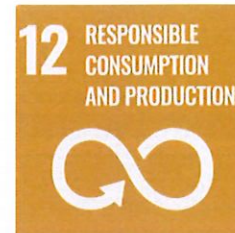

NCC conducted rally and took pledge for the drug free Indian. Our cadets performed this event in an enthusiastic manner and the topic of this event based on drug related issues and drugs acts, it was a great and informative program to all the students of our College. The students gained a deeper knowledge about drug awareness and the acts on drugs. This event facilitated a positive approach in motivating the student to society.

TOTAL BENEFICIARIES REACHED: Totally 38 students were participated in this event

11. SAY NO TO PLASTIC

OBJECTIVE OF THE PROGRAMME: The primary objective of this event to create an awareness about environmental pollution in the society. National cadet corps conducted environmental awareness program in the surrounding of Nazareth college of arts and science. Our cadets performed this event in a successful manner and the topic of this event based on environmental pollution at last it was a great and informative program to all the students of our College. In this event students and public acquired knowledge on environmental pollution such as land pollution, water pollution, air pollution.

TOTAL BENEFICIARIES REACHED: Totally 30 students and 43 cadets were participated in this event.

12. KHADI MAHOTSAV

The objective of the event is to create an awareness about khadi and handloom products to the students. We performed NIAP and PPT to students. NCC conducted rally and took pledge for the drug free India. Our cadets performed this event in a successful manner and the topic of this event-based khadi and handlooms at last it was a great and informative program to all the students of our College. Students gained knowledge about khadi products. It helps to develop our economy because it is a swadeshi (made in India). The students gained a deeper knowledge about khadi products and handlooms. The students learned about the process behind the handlooms.

TOTAL BENEFICIARIES REACHED: Totally 80 students and 43 cadets were participated in this event.

13. WASTE MANAGEMENT AUDIT

The NSS unit-1 and unit-2 of Nazareth college of Arts and Science, Avadi, Chennai-62, of arts and science. As per our NSS unit guidance and its influence our college students voluntarily took participated in this program.

A waste audit is a method for analysing an organization's waste stream. The goal is to discover what types and quantities of waste (paper, plastic, food etc.) you produce within a given timeframe—usually a week. Auditing also measures how much waste is recycled. The Objective of the audit was to find out the categories of waste accumulate in our campus and to segregate the waste according to degradable and non-degradable.

The following are the categories of waste which we prescribed for audit:

- Paper
- Cardboard
- Plastic bottles
- Other plastic
- Aluminum cans
- Glass
- Food waste
- Materials packaging
- Signage
- Display materials

We all together joined and sort out the waste and segregated the waste according to the categories, after sent it to the allotted dustbin. The management staff members also took part in this program.

TOTAL BENEFICIARIES REACHED: Total of 3500 students were befitted by a clean environment.

The SDG Book Project- VOLUME 1

The SDG Book Project by Nazareth appears to be an initiative aimed at promoting awareness, education, and actionable steps toward achieving the United Nations Sustainable Development Goals (SDGs). Through the Nazareth SDG Transformation Centre, the SDG Book Project which has 26 studies serves as a tool to:

- Build leadership capacity among students and faculty on sustainability topics.
- Disseminate practical knowledge about SDG-aligned programs such as organic farming, waste management, and disaster preparedness.

SDG Book project is a collective research project based on local issues and directed towards the 17 Sustainable Goals of United Nations. The Second-year students of all the 9 departments were divided into 26 projects coordinated by 26 faculties and students.
